(b) Eligibility for Application. A member in good standing of The Florida Bar who is currently engaged in the practice of law and who meets the area's standards may apply for certification. From the date the application is filed to the date the certificate is issued, the applicant must continue to practice law and remain a member in good standing of The Florida Bar. The certificate issued by the board of legal specialization and education shall state that the lawyer is a "Board Certified (area of certification) Lawyer."

(c) Minimum Requirements for Qualifying for Certification With Examination. Minimum requirements for qualifying for certification by examination are as follows:

(1) A minimum of 5 years substantially engaged in the practice of law. The "practice of law" means legal work performed primarily for purposes of rendering legal advice or representation. Service as a judge of any court of record shall be deemed to constitute the practice of law. Employment by the government of the United States, any state (including subdivisions of the state such as counties or municipalities), or the District of Columbia, and employment by a public or private corporation or other business shall be deemed to constitute the practice of law if the individual was required as a condition of employment to be a member of the bar of any state or the District of Columbia. If otherwise permitted in the particular standards for the area in which certification is sought, the practice of law in a foreign nation state, U.S. territory, or U.S. protectorate, or employment in a position that requires as a condition of employment that the employee be licensed to practice law in such foreign nation state, U.S. territory, or U.S. protectorate, shall be counted as up to, but no more than, 3 of the 5 years required for certification.

(2) A satisfactory showing of substantial involvement in the particular area for which certification is sought during 3 of the last 5 years preceding the application for certification.

(3) A satisfactory showing of such continuing legal education in a particular field of law for which certification is sought as set by that area's standards but in no event less than 10 certification hours per year.

(4) Passing a written and/or oral examination applied uniformly to all applicants to demonstrate sufficient knowledge, skills, and proficiency in the area for which certification is sought and in the various areas relating to such field. The examination shall include professional responsibility and ethics. The award of an LL.M. degree from an approved law school in the area for which certification is sought within 8 years of application may substitute as the written examination required in this subdivision if the area's standards so provide.

(5) Current certification by an approved organization in the area for which certification is sought within 5 years of filing an application may, at the option of the certification committee, substitute as partial equivalent credit, including the written examination required

in subdivision (c)(4). Approval will be by the board of legal specialization and education following a positive or negative recommendation from the certification committee.

(6) Peer review shall be used to solicit information to assess competence in the specialty field, and professionalism and ethics in the practice of law. To qualify for board certification, an applicant must be recognized as having achieved a level of competence indicating special knowledge, skills, and proficiency in handling the usual matters in the specialty field. The applicant shall also be evaluated as to character, ethics, and reputation for professionalism. An applicant otherwise qualified may be denied certification on the basis of peer review. Certification may also be withheld pending the outcome of any disciplinary complaint or malpractice action.

As part of the peer review process, the board of legal specialization and education and its area committees shall review an applicant's professionalism, ethics, and disciplinary record. Such review shall include both disciplinary complaints and malpractice actions. The process may also include solicitation of public input and independent inquiry apart from written references. Peer review is mandatory for all applicants and may not be eliminated by equivalents.

(d) Minimum Requirements for Qualification Without Examination. When certification without examination is available in an area, the minimum requirements for such certification are as follows:

(1) a minimum of 20 years in the practice on a full-time basis.

(2) a satisfactory showing of competence and substantial involvement in the particular area for which certification is sought during 5 of the last 10 years, including the year immediately preceding the application for certification. Substantial involvement in the particular area of law for the 1 year immediately preceding the application may be waived for good cause shown.

(3) a satisfactory showing of such continuing legal education in a particular field of law for which certification is sought as set by that area's standards but in no event less than 15 hours per year.

(4) satisfactory peer review and professional ethics record in accordance with subdivision (c)(6); and

(5) payment of any fees required by the plan.

(e) Certification Without Examination. When certification without examination is available in an area, it may be granted only:

(1) to individuals who apply within 2 years after the date on which the particular area is approved by the Supreme Court of Florida; or

(2) as otherwise permitted in the particular standards for the area for which certification is sought.

Amended Sept. 21, 1989, effective Oct. 1, 1989 (548 So.2d 1120); July 23, 1992, effective Jan. 1, 1993 (605 So.2d 252); July 1, 1993 (621 So.2d 1032); Sept. 24, 1998, effective Oct. 1, 1998 (718 So.2d 1179); December 8, 2005, the Supreme Court of Florida issued a revised version of its original October 6, 2005 opinion adopting this amendment, effective January 1, 2006 (SC05-206); November 19, 2009, effective February 1, 2010 (SC08-1890) (34 Fla.L.Weekly S628a).

RULE 6-3.6 RECERTIFICATION

(a) Duration of Certification. No certificate shall last for a period longer than 5 years.

(b) Minimum Standards for Proficiency. Each area of certification established under this chapter shall contain requirements and safeguards for the continued proficiency of any certificate holder. The following minimum standards shall apply:

(1) A satisfactory showing of substantial involvement during the period of certification in the particular area for which certification was granted.

(2) A satisfactory showing of such continuing legal education in the area for which certification is granted but in no event less than 50 credit hours during the 5-year period of certification.

(3) Satisfactory peer review and professional ethics record in accordance with rule 6-3.5(c)(6).

(4) Any applicant for recertification who is not, at the time of application for recertification, a member in good standing of The Florida Bar or any other bar or jurisdiction in which the applicant is admitted, as a result of discipline, disbarment, suspension, or resignation in lieu thereof, shall be denied recertification. The fact of a pending disciplinary complaint or malpractice action against an applicant for recertification shall not be the sole basis to deny recertification.

(5) The payment of any fees prescribed by the plan.

(c) Failure to Meet Standards for Recertification; Lapse of Certificate. Any applicant for recertification who has either failed to meet the standards for recertification or has allowed the certificate to lapse must meet all the requirements for initial certification as set out in the area's standards.

The BLSE may seek the advice of the relevant area certification committee in determining whether to grant the application, what conditions should be imposed, or what waivers should be granted.

(6) *Not Currently Certified Members.* During the 2 years following the effective date of this policy, any member who voluntarily relinquished board certification before the effective date of this rule, but who is otherwise eligible for inactive status, may be granted inactive status on approval by the BLSE.

(2) *Annual Confirmation of Inactive Status.* A member who is granted board certified inactive status must confirm continued eligibility on an annual basis on a form approved by the BLSE.

(3) *Communication.* While board certified inactive, the member must use the phrase "board certified inactive" and include the practice area as a means by which to distinguish board certification. On reactivation, the member may communicate board certification as otherwise permitted in the Rules Regulating The Florida Bar.

(4) *Annual Fee.* A member who is board certified inactive status must pay an annual fee equal to one-half of the fee required of board certified members.

(d) Revocation or Relinquishment of Board Certified Inactive Status.

(1) *Revocation for Noncompliance.* The BLSE can revoke board certified inactive status if the member fails to comply with the policies or as provided under policy 2.15. On revocation, the member cannot use the phrase "board certified inactive." Unless and until the member is reactivated to board certified status, the member cannot use the phrase "board certified," or any other term permitted for use by board certified lawyers in the Rules Regulating The Florida Bar. If revocation is considered, the same notice and hearing provisions set forth in BLSE policy 2.15(d) apply.

(2) *Relinquishment.* A board certified inactive member must notify the BLSE in writing within 90 days if the member no longer qualifies for, or desires to retain, inactive status. The member must cease to use the phrase board certified inactive and must immediately apply for reactivation of board certification or relinquish board certification.

(e) Reactivation to Board Certified Status and Recertification.

(1) *Reactivation Requirements.* If the member no longer qualifies for, or desires to retain, board certified inactive status, the member may apply for reactivation of board certification within 90 days. The member must demonstrate compliance with the continuing legal education requirement for the applicable practice area, unless otherwise exempt under the policies, be a member in good standing with The Florida Bar who is eligible to practice law in Florida, and otherwise comply with the applicable rules and policies governing board certification. On review that the requirements have been satisfied, board certification will be reactivated.

6-5. STANDARDS FOR BOARD CERTIFICATION IN TAX LAW

RULE 6-5.1 GENERALLY

A lawyer who is a member in good standing of The Florida Bar and meets the standards prescribed below may be issued an appropriate certificate identifying the lawyer as “Board Certified in Tax Law.” The purpose of the standards is to identify those lawyers who practice in the area of taxation and have the special knowledge, skills, and proficiency to be properly identified to the public as board certified in tax law.

Amended Sept. 21, 1989, effective Oct. 1, 1989 (548 So.2d 1120). Amended and effective October 16, 2015 by Board of Governors.

RULE 6-5.2 DEFINITIONS

(a) Tax Law. “Tax law” means legal issues involving federal, state, or local income, estate, gift, ad valorem, excise, or other taxes.

(b) Practice of Law. The “practice of law” for this area is defined as set out in rule 6-3.5(c)(1). Notwithstanding anything in the definition to the contrary, legal work done primarily for a purpose other than legal advice or representation (including, but not limited to, work related to the sale of insurance or retirement plans or work in connection with the practice of a profession other than the law) shall not be treated as the practice of law.

RULE 6-5.3 MINIMUM STANDARDS

(a) Minimum Period of Practice. Every applicant shall have been engaged in the practice of law in the United States, or engaged in the practice of United States law while in a foreign country, and shall have been a member in good standing of the bar of any state of the United States or the District of Columbia for a period of 5 years as of the date of application.

(1) The years of practice of law need not be consecutive.

(2) Notwithstanding the definition of “practice of law” in rule 6-3.5(c)(1), receipt of an LL.M. degree in taxation (or such other related fields approved by the board of legal specialization and education and the tax certification committee) from an approved law school shall be deemed to constitute 1 year of the practice of law for purposes of the 5-year practice requirement (but not the 5-year bar membership requirement) under this subdivision. However, an applicant may not receive credit for more than 1 year of practice for any 12-month period under this subdivision; accordingly, for example, an applicant who, while being engaged in the practice of law, receives an LL.M. degree by attending night classes, would not receive credit for the practice of law requirement by virtue of having received the LL.M. degree.

(b) Substantial Involvement. Every applicant must demonstrate substantial involvement in the practice of tax law during the 3 years immediately preceding the date of application. Upon an applicant’s request and the recommendation of the tax certification committee, the board of legal specialization and education may waive the requirement that the 3 years be “immediately preceding” the date of application if the board of legal specialization and education determines the waiver is warranted by special and compelling circumstances. Substantial involvement is defined as at least 500 hours per year in the practice of law in which an applicant has had substantial and direct participation in legal matters involving significant issues of tax law. An applicant must furnish information concerning the frequency of the applicant’s work and the nature of the issues involved. For the purposes of this subdivision the “practice of law” shall be as defined in rule 6-3.5(c)(1), except that it shall also include time devoted to lecturing and/or authoring books or articles on tax law if the applicant was engaged in the practice of law during such period. Demonstration of compliance with this requirement shall be made initially through a form of questionnaire approved by the tax certification committee but written or oral supplementation may be required.

(c) Peer Review. Every applicant shall submit the names and addresses of 5 other attorneys who are familiar with the applicant’s practice, not including attorneys who currently practice in the applicant’s law firm, who can attest to the applicant’s reputation for involvement in the field of tax law in accordance with rule 6-3.5(c)(6), as well as the applicant’s character, ethics, and reputation for professionalism. The board of legal specialization and education or the tax certification committee may authorize references from persons other than attorneys in such cases as they deem appropriate. The board of legal specialization and education and the tax certification committee may also make such additional inquiries as they deem appropriate.

(d) Education. Every applicant must demonstrate that during the 3-year period immediately preceding the date of application, the applicant has met the continuing legal education requirements in tax law as follows. The required number of hours shall be established by the board of legal specialization and education and shall in no event be less than 90 hours. Credit for attendance at continuing legal education seminars shall be given only for programs that are directly related to tax law. The education requirement may be satisfied by 1 or more of the following:

- (1) attendance at continuing legal education seminars meeting the requirements set forth above;
- (2) lecturing at, and/or serving on the steering committee of, such continuing legal education seminars;
- (3) authoring articles or books published in professional periodicals or other professional publications;
- (4) teaching courses in “tax law” at an approved law school or other graduate level program presented by a recognized professional education association;
- (5) completing such home study programs as may be approved by the board of legal specialization and education or the tax certification committee; or
- (6) such other methods as may be approved by the board of legal specialization and education and the tax certification committee.

The board of legal specialization and education or the tax certification committee shall, by rule or regulation, establish standards applicable to this rule, including, but not limited to, the method of establishment of the number of hours allocable to any of the above-listed paragraphs. Such rules or regulations shall provide that hours shall be allocable to each separate but substantially different lecture, article, or other activity described in subdivisions (2), (3), and (4) above.

(e) Examination. Every applicant must pass a written examination designed to demonstrate sufficient knowledge, skills, and proficiency in the field of tax law to justify the representation of special competence to the legal profession and the public.

Amended effective Oct. 29, 1987 (515 So.2d 977); Sept. 21, 1989, effective Oct. 1, 1989 (548 So.2d 1120); July 23, 1992, effective Jan. 1, 1993 (605 So.2d 252); amended Dec. 7-8, 1993, by the Board of Governors of The Florida Bar; amended May 21-22, 1998, by the Board of Governors of The Florida Bar.

RULE 6-5.4 RECERTIFICATION

To be eligible for recertification, an applicant must meet the following requirements:

(a) Substantial Involvement. A satisfactory showing, as determined by the board of legal specialization and education and the tax certification committee, of continuous and substantial involvement in the field of tax law throughout the period since the last date of certification.

Demonstration of substantial involvement shall be in accordance with rule 6-5.3(b), except that the board of legal specialization and education and/or the tax certification committee may accept an affidavit from the applicant which attests to the applicant's proficiency in tax law consistent with the purpose of the substantial involvement requirement.

(b) Education. Demonstration that the applicant has completed at least 125 hours of continuing legal education since the filing of the last application for certification (or recertification). The continuing legal education must logically be expected to enhance the proficiency of attorneys who are board certified tax lawyers. If the applicant has not attained 125 hours of continuing legal education, but has attained more than 60 hours during such period, successful passage of the written examination given by the board of legal specialization and education to new applicants shall satisfy the continuing legal education requirements.

(c) Peer Review. Completion of the reference requirements set forth in rule 6-5.3(c).

(d) Examination. If, after reviewing the material submitted by an applicant for recertification, the board of legal specialization and education and the tax certification committee determine that the applicant may not meet the standards in tax law established under this chapter, the board of legal specialization and education and the tax certification committee may require, as a condition of recertification, that the applicant pass the written examination given by the board of legal specialization and education to new applicants.

Amended effective Oct. 29, 1987 (515 So.2d 977); Sept. 21, 1989, effective Oct. 1, 1989 (548 So.2d 1120); July 23, 1992, effective Jan. 1, 1993 (605 So.2d 252); amended May 21-22, 1998, by the Board of Governors of The Florida Bar; amended effective June 29, 2000, by the Board of Governors of The Florida Bar.

(c) Judicial Officers. “Judicial officers” shall include judges, general magistrates, special magistrates, child support hearing officers, and private triers of fact appointed by court order.

(d) Trial. A “trial” is defined as a matter submitted to and decided by the trier of fact for ultimate resolution by the court’s rendition of a judgment or order on at least 1 issue aside from the dissolution of the parties’ marriage. Further, the applicant must have, incident thereto, presided over as a judicial officer, or conducted as an advocate, at least 1 direct and 1 cross examination of at least 2 different witnesses, with the introduction into evidence of at least 1 exhibit. The applicant must have been responsible for all, or a majority of, the presentation of evidence and/or representation of the client if the matter was handled as an advocate.

The applicant must demonstrate in the application trial experience and substantial involvement as set forth in subdivisions (1) and (2) below, in a minimum of 25 contested marital and family law cases in circuit courts during the 5-year period immediately preceding the date of application. All such cases must have involved substantial legal or factual issues other than the dissolution of marriage. In each of these 25 cases the applicant shall have been responsible for all or a majority of the presentation of evidence and representation of the client.

(1) At least 7 of the 25 cases must have been trials as defined in rule 6-6.2(d). An advanced trial advocacy seminar approved by the marital and family law certification committee, completed either by teaching, attendance, or a combination thereof, shall qualify as 1 of the 7 trials.

(2) The applicant shall have substantial involvement, as defined in rule 6-6.2(e), in at least 18 contested marital and family law cases sufficient to demonstrate special competence as a marital and family lawyer. Any trials in excess of the 7 trials meeting the criteria of subdivision (b)(1) of this rule shall automatically qualify as substantial involvement cases.

(3) The determination of whether the applicant has sufficiently demonstrated substantial involvement in each case submitted shall be made on a qualitative basis by the marital and family law certification committee using the information provided by the applicant. The marital and family law certification committee reserves the right to seek additional information from the applicant as it deems necessary to make its determination that the minimum number of cases requirement has been met.

(c) Peer Review.

(1) The applicant shall submit names and addresses of 6 lawyers, who are neither current nor former associates or partners of the applicant within the 5-year period immediately preceding the date of application, as references to attest to the applicant's substantial competence and active involvement in the practice of marital and family law as well as the applicant's character, ethics, and reputation for professionalism. (b) Minimum Number of Cases. The applicant must demonstrate in the application trial experience and substantial involvement, as set forth in subdivisions (1) and (2) below, as a judicial officer who presided over, or who handled as an advocate, a minimum of 25 contested marital and family law cases in circuit courts during the 5-year period immediately preceding the

date of application. All such cases must have involved substantial legal or factual issues other than the dissolution of marriage.

(1) At least 7 of the 25 cases must have been trials as defined in rule 6-6.2(d). The skill set inherent in presiding over a marital and family law case as a judicial officer encompasses all of the special knowledge, skills, and proficiency, as well as ethics, that the marital and family law certification committee finds sufficient to meet the trial requirements for certification. At a minimum, in each of the 7 cases, the applicant must have presided over a contested evidentiary trial where at least 1 direct and 1 cross examination of at least 2 different witnesses was conducted and at least 1 piece of evidence was introduced as an exhibit. If the applicant handled the cases as an advocate, the applicant must have been responsible for all or a majority of the presentation of evidence and/or representation of the client. An advanced trial advocacy seminar approved by the marital and family law certification committee, completed either by teaching, attendance, or a combination thereof, shall qualify as 1 of the 7 trials.

(2) The applicant shall have substantial involvement, as defined in rule 6-6.2(e), in at least 18 contested marital and family law cases sufficient to demonstrate special competence in marital and family law. Any trials in excess of the 7 trials meeting the criteria of subdivision (b)(1) shall automatically qualify as substantial involvement cases.

(3) The determination of whether the applicant has sufficiently demonstrated substantial involvement in each case submitted shall be made on a qualitative basis by the marital and family law certification committee using the information provided by the applicant. The marital and family law certification committee reserves the right to seek additional information from the applicant as it deems necessary to make its determination that the minimum number of cases requirement has been met.

(c) Peer Review. The applicant shall submit names and addresses of 6 lawyers, who are neither current nor former associates or partners of the applicant within the 5-year period immediately preceding the date of application, as references to attest to the applicant's substantial competence and active involvement in marital and family law, as well as the applicant's character, ethics, and reputation for professionalism. At least 5 of the lawyers shall be members of The Florida Bar, with their principal office located in the state of Florida. Such lawyers need not be Florida Bar board certified in marital and family law, however, they should be substantially involved in marital and family law and familiar with the applicant's judicial service. This requirement is to ensure meaningful comment on the applicant's special knowledge, skills, proficiency, character, and reputation for professionalism in marital and family law, including the consideration of the needs of children and the family unit affected by the applicant's judicial service. Judicial references shall not be required.

(d) Education. The applicant shall comply with rule 6-6.3(d).

(e) Examination. The applicant must pass the examination required by rule 6-6.3(e).

Amended Sept. 21, 1989, effective Oct. 1, 1989 (548 So.2d 1120); July 23, 1992, effective Jan. 1, 1993 (605 So.2d 252); Oct. 31-Nov. 2, 1996, by the Board of Governors of The Florida Bar; Feb. 11, 1999; December 12, 2008 by the Board of Governors of The Florida Bar.

RULE 6-6.5 RECERTIFICATION

During the 5-year period immediately preceding the date of application, the applicant must demonstrate satisfaction of the following requirements for recertification:

(a) Minimum Period of Practice and/or Judicial Service. The applicant must have devoted at least 30 percent of the applicant's practice or judicial labor to marital and family law cases.

(b) Minimum Number of Cases. The applicant must demonstrate in the application trial experience and substantial involvement by handling as an advocate, or presiding over as a judicial officer, a minimum of 15 contested marital and family law cases in circuit courts. All such cases must have involved substantial legal or factual issues other than the dissolution of marriage.

(1) At least 5 of the 15 cases must have been trials as defined in rule 6-6.2(d). The skill set inherent in presiding over a marital and family law case as a judicial officer encompasses all of the special knowledge, skills, and proficiency, as well as ethics, that the marital and family law certification committee finds sufficient to meet the trial requirements for recertification. An advanced trial advocacy seminar approved by the marital and family law certification committee, completed either by teaching, attendance, or a combination thereof, shall qualify as one of the 5 trials.

(2) The applicant shall have substantial involvement, as defined in rule 6-6.2(e), in at least 10 contested marital and family law cases sufficient to demonstrate special competence as a marital and family lawyer or as a judicial officer presiding over marital and family law cases. Any trials in excess of the 5 trials meeting the criteria of subdivision (a)(1) shall automatically qualify as substantial involvement cases. The skill set inherent in presiding over a marital and family law case as a judicial officer encompasses all of the special knowledge, skills, and proficiency, as well as ethics, that the marital and family law certification committee finds sufficient to meet the substantial involvement requirements for recertification.

(3) The determination of whether the applicant has sufficiently demonstrated involvement in each case submitted shall be made on a qualitative basis by the marital and family law certification committee using the information provided by the applicant. The marital and family law certification committee reserves the right to seek additional information from the applicant as it deems necessary to make its determination that the minimum number of cases requirement has been met.

(4) On special application, for good cause shown, the marital and family law certification committee may waive compliance with rule 6-6.5(b)(1) and/or (2) for an applicant who has been continuously certified in marital and family law for a period of 14 years or more or who has demonstrated in the application an extraordinary contribution, as determined by the marital and family law certification committee after review, inquiry, and consideration thereof, to the field of marital and family law in Florida. The applicant shall

be required to complete all sections of the application for recertification with the exception of schedule B-1.

(c) Education. The applicant must have completed at least 75 hours of approved continuing legal education in accordance with rule 6-6.3(d).

(d) Peer Review. The applicant must submit references and otherwise comply with rule 6-6.3(c) or 6-6.4(c). Judicial peer review is not required for judicial officers seeking recertification.

Amended Sept. 21, 1989, effective Oct. 1, 1989 (548 So.2d 1120); July 23, 1992, effective Jan. 1, 1993 (605 So.2d 252); amended Feb. 17, 1995, by the Board of Governors of The Florida Bar; Oct. 31-Nov. 2, 1996, by the Board of Governors of The Florida Bar; Feb. 11, 1999, by the Board of Governors of The Florida Bar.

6-7. STANDARDS FOR BOARD CERTIFICATION IN WILLS, TRUSTS, AND ESTATES LAW

RULE 6-7.1 GENERALLY

A lawyer who is a member in good standing of The Florida Bar and meets the standards prescribed below may be issued an appropriate certificate identifying the lawyer as “Board Certified in Wills, Trusts, and Estates Law.” The purpose of the standards is to identify those lawyers who practice in the area of wills, trusts, and estates and have demonstrated special knowledge, skills, and proficiency to be properly identified to the public as board certified in wills, trusts, and estates law.

Amended Sept. 21, 1989, effective Oct. 1, 1989 (548 So.2d 1120); Oct. 10, 1991, effective Jan. 1, 1992 (587 So.2d 1121); July 1, 1993 (621 So.2d 1032). Amended and effective October 16, 2015 by Board of Governors.

RULE 6-7.2 DEFINITIONS

(a) Wills, Trusts, and Estates. “Wills, trusts, and estates” is the practice of law dealing with all aspects of the analysis and planning for the conservation and disposition of estates, giving due consideration to the applicable tax consequences, both federal and state; the preparation of legal instruments to effectuate estate plans; administering estates, including tax related matters, both federal and state; and probate litigation.

(b) Practice of Law. The “practice of law” for this area is defined as set out in rule 6-3.5(c)(1). Notwithstanding anything in the definition to the contrary, legal work done primarily for any purpose other than legal advice or representation (including, but not limited to, work related to the sale of insurance or retirement plans or work in connection with the practice of a profession other than the law) shall not be treated as the practice of law. Service as a judge of any court of record shall be deemed to constitute the practice of law. Practice of law that otherwise satisfies these requirements but that is on a part-time basis will satisfy the requirement if the balance of the applicant’s activity is spent as a teacher of wills, trusts, and estates subjects in an accredited law school.

Amended Sept. 21, 1989, effective Oct. 1, 1989 (548 So.2d 1120); July 23, 1992, effective Jan. 1, 1993 (605 So.2d 252); July 1, 1993 (621 So.2d 1032).

RULE 6-7.3 MINIMUM STANDARDS

(a) Minimum Period of Practice. Every applicant shall have been engaged in the practice of law in the United States, or engaged in the practice of United States law while in a foreign country, and shall have been a member in good standing of the bar of any state of the United States or the District of Columbia for a period of 5 years as of the date of application.

Notwithstanding the definition of “practice of law” in rule 6-3.5(c)(1), receipt of an LL.M. degree in taxation or estate planning and probate (or such other related fields approved by the board and wills, trusts, and estates certification committee) from an approved law school shall be deemed to constitute 1 year of the practice of law for purposes of the 5-year practice requirement (but not the 5-year bar membership requirement) under this subdivision; provided, however, an applicant may not receive credit for more than 1 year of practice for any 12-month period under this subdivision; accordingly, for example, an applicant who, while being engaged in the practice of law, receives an LL.M. degree by attending night classes, would not receive credit for the practice of law requirement by virtue of having received the LL.M. degree.

(b) Substantial Involvement. Every applicant must demonstrate substantial involvement in the practice of law in estate planning, planning for incapacity, administration of estates and trusts, fiduciary and transfer taxation, probate and trust law, estates and trust litigation, and homestead law during the 5 years immediately preceding the date of application, including devoting not less than 40 percent of practice to estate planning, planning for incapacity, administration of estates and trusts, fiduciary and transfer taxation, probate and trust law, estates and trust litigation, and homestead law in this state during each of the 2 years immediately preceding application. Service as a judge in the probate division of the circuit court of this state during 6 months or more of a calendar year shall satisfy a year of substantial involvement. Except for the 2 years immediately preceding application, upon an applicant’s request and the recommendation of the wills, trusts, and estates certification committee, the board of legal specialization and education may waive the requirement that the 5 years be “immediately preceding” the date of application if the board of legal specialization and education determines the waiver is warranted by special and compelling circumstances. Except for the 2 years immediately preceding application, receipt of an LL.M. degree in estate planning and probate (or such other degree containing substantial estate planning and probate content as approved by the board of legal specialization and education) from an approved law school may substitute for 1 year of substantial involvement. An applicant must furnish information concerning the frequency of work and the nature of the issues involved. For the purposes of this section the “practice of law” shall be as defined in rule 6-3.5(c)(1) except that it shall also include time devoted to lecturing and/or authoring books or articles on wills, trusts, and estates if the applicant was engaged in the practice of law during such period. Demonstration of compliance with this requirement shall be made initially through a form of questionnaire approved by the wills, trusts, and estates certification committee, but written or oral supplementation may be required.

(c) Peer Review. Every applicant shall submit the names and addresses of 5 other attorneys who are familiar with the applicant’s practice, not including attorneys who currently

practice in the applicant's law firm, who can attest to the applicant's reputation for professional competence and substantial involvement in the field of wills, trusts, and estates. The board of legal specialization and education and the wills, trusts, and estates certification committee may authorize references from persons other than attorneys in such cases as they deem appropriate. The board of legal specialization and education and the wills, trusts, and estates certification committee may also make such additional inquiries as they deem appropriate to complete peer review, as provided elsewhere in these rules.

(d) Education. Every applicant must demonstrate that, during the 3-year period immediately preceding the date of the application, the applicant has met the continuing legal education requirements in wills, trusts, and estates as follows. The required number of hours shall be established by the board of legal specialization and education and shall in no event be less than 90 hours. Credit for attendance at continuing legal education seminars shall be given only for programs that are directly related to wills, trusts, and estates. The education requirement may be satisfied by 1 or more of the following:

(1) attendance at continuing legal education seminars meeting the requirements set forth above;

(2) lecturing at, and/or serving on the steering committee of, such continuing legal education seminars;

(3) authoring articles or books published in professional periodicals or other professional publications;

(4) teaching courses in estates and trusts, fiduciary administration, fiduciary and transfer taxation, and homestead law at an approved law school or other graduate level program presented by a recognized professional education association;

(5) completing such home study programs as may be approved by the board of legal specialization and education and the wills, trusts, and estates certification committee, subject to the limitation that no more than 50 percent of the required number of hours of education may be satisfied through home study programs; and

(6) such other methods as may be approved by the board of legal specialization and education and the wills, trusts, and estates certification committee.

The board of legal specialization and education and the wills, trusts, and estates certification committee shall, by rule or regulation, establish standards applicable to this rule, including, but not limited to, the method of establishment of the number of hours allocable to any of the above-listed subdivisions. Such rules or regulations shall provide that hours shall be allocable to each separate but substantially different lecture, article, or other activity described in subdivisions (2), (3), and (4) above.

(e) Examination. The applicant must pass an examination that will be practical and comprehensive and designed to demonstrate special knowledge, skills, and proficiency in estate planning, postmortem planning, planning for incapacity, administration of estates and trusts, fiduciary and transfer taxation, substantive and procedural aspects of probate and trust law,

estates and trust litigation, homestead law, joint tenancies, tenancies by the entirety, conflicts of interest, and other ethical considerations. Such examination shall justify the representation of special competence to the legal profession and the public.

Amended effective Oct. 29, 1987 (515 So.2d 977); Sept. 21, 1989, effective Oct. 1, 1989 (548 So.2d 1120); Oct. 10, 1991, effective Jan. 1, 1992 (587 So.2d 1121); July 23, 1992, effective Jan. 1, 1993 (605 So.2d 252); July 1, 1993 (621 So.2d 1032).

RULE 6-7.4 RECERTIFICATION

(a) Eligibility. Recertification must be obtained every 5 years. To be eligible for recertification, an applicant must meet the following requirements:

(1) A satisfactory showing, as determined by the board of legal specialization and education and the wills, trusts, and estates certification committee, of continuous and substantial involvement in wills, trusts, and estates law throughout the period since the last date of certification. The demonstration of substantial involvement of more than 40 percent during each year after certification or prior recertification shall be made in accordance with the standards set forth in rule 6-7.3(b).

(2) Completion of at least 125 hours of approved continuing legal education since the filing of the last application for certification. This requirement shall be satisfied by the applicant's participation in continuing legal education approved by The Florida Bar pursuant to rule 6-7.3(d)(1) through (6).

(3) Submission of the names and addresses of 3 individuals who are active in wills, trusts, and estates, including but not limited to lawyers, trust officers, certified public accountants, and judges who are familiar with the applicant's practice, excluding persons who are currently employed by or practice in the applicant's law firm, who can attest to the applicant's reputation for professional competence and substantial involvement in the field of wills, trusts, and estates law during the period since the last date of certification. The board of legal specialization and education or the wills, trusts, and estates certification committee may solicit references from persons other than those whose names are submitted by the applicant in such cases as they deem appropriate. The board of legal specialization and education or the wills, trusts, and estates certification committee may also make such additional inquiries as it deems appropriate.

(b) Denial of Recertification. The board of legal specialization and education may deny recertification based upon any information received from the peer review or from any individual referenced in subdivision (a)(3), above.

(c) Examination Requirement. If, after reviewing the material submitted by an applicant for recertification and the peer review, the wills, trusts, and estates certification committee determines the applicant may not meet the standards for wills, trusts, and estates certification established under this chapter, the wills, trusts, and estates certification committee may require, as a condition of recertification, that the applicant pass the examination given by the wills, trusts, and estates certification committee to new applicants.

Amended effective Oct. 29, 1987 (515 So.2d 977); Sept. 21, 1989, effective Oct. 1, 1989 (548 So.2d 1120); Oct. 10, 1991, effective Jan. 1, 1992 (587 So.2d 1121); July 23, 1992, effective Jan. 1, 1993 (605 So.2d 252); July 1, 1993 (621 So.2d 1032).

6-8. STANDARDS FOR BOARD CERTIFICATION IN CRIMINAL LAW

RULE 6-8.1 GENERALLY

A lawyer who is a member in good standing of The Florida Bar who meets the standards prescribed below may be issued an appropriate certificate identifying the lawyer as either “Board Certified in Criminal Trial Law” or “Board Certified in Criminal Appellate Law.” An applicant may qualify for certification under both categories provided the applicant meets the standards for each category. The purpose of the standards is to identify those lawyers who practice criminal law and have the special knowledge, skills, and proficiency, as well as the character, ethics, and reputation for professionalism, to be properly identified to the public as board certified in criminal trial or appellate law.

Amended Sept. 21, 1989, effective Oct. 1, 1989 (548 So.2d 1120); Feb. 11, 1999; August 17, 2007. by the Board of Governors of The Florida Bar. Amended and effective October 16, 2015 by Board of Governors.

RULE 6-8.2 DEFINITIONS AND COMMITTEE

(a) Criminal Law. “Criminal law” is the practice of law dealing with the defense and prosecution of misdemeanor and felony crimes in state and federal trial and appellate courts.

(b) Practice of Law. The “practice of law” for this area is defined as set out in rule 6-3.5(c)(1).

(c) Criminal Law Certification Committee. At least 2 members of the “criminal law certification committee” shall be certified in criminal appellate law. At least 5 members shall be certified criminal trial law.

(d) Trial. A “trial” shall be defined as substantially preparing a case for court, offering testimony or evidence (or cross-examination of witness[es]) in an adversarial proceeding before a trier of fact, and submission of a case to the trier of fact for determination of the ultimate fact of guilt or innocence.

A trial conducted under the Jimmy Ryce Act, section 394.911, et seq., Florida Statutes, may count toward the trial requirement for initial certification or recertification. However, no more than 60 percent of the total trial requirement for criminal trial law certification or recertification may be based on Jimmy Ryce trials.

(e) Protracted Litigation. “Protracted litigation” shall be defined as litigation that proceeds on a long-term basis involving unusual and complicated legal or factual matters, extensive discovery, court hearings or trial, and by its very nature is so time consuming it precludes the applicant from meeting the numerical requirement.

RULE 6-8.3 CRIMINAL TRIAL; MINIMUM STANDARDS

(a) Substantial Involvement and Competence. To become certified as a criminal trial lawyer, an applicant must demonstrate substantial involvement and competence in criminal trial law. Substantial involvement and competence shall include the following:

(1) At least 5 years of the actual practice of law of which at least 30 percent has been spent in active participation in criminal trial law. At least 3 years of this practice shall be immediately preceding application or, during those 3 years, the applicant may have served as a judge of a court of general jurisdiction adjudicating criminal trial matters.

(2) The trial of a minimum of 25 criminal cases. Of these 25 cases, at least 20 shall have been jury trials, tried to verdict, and at least 15 shall have involved felony charges; and at least 10 shall have been conducted by the applicant as lead counsel. At least 5 of the 25 cases shall have been tried during the 5 years immediately preceding application. On good cause shown, for satisfaction in part of the 25 criminal trials, the criminal law certification committee may consider involvement in protracted litigation as defined in rule 6-8.2(e).

(3) Submission of a criminal trial court memorandum or brief prepared and filed by the applicant within the 3 year period immediately preceding application. Such document shall be substantial in nature, state facts and argue various aspects of criminal law. The quality of this memorandum or brief will be considered in determining whether an applicant is qualified for certification.

(4) Within the 3 years immediately preceding application, the applicant's substantial involvement must be sufficient to demonstrate special competence as a criminal trial lawyer. Substantial involvement includes investigation, evaluation, pleading, discovery, taking of testimony, presentation of evidence, and argument of jury or non-jury cases. For good cause shown, the criminal law certification committee may waive 2 of the 3 years of substantial involvement for individuals who have served as judges. In no event may the year immediately preceding application be waived.

(b) Peer Review.

(1) The applicant shall submit the names and addresses of at least 4 lawyers, who are neither relatives nor current associates or partners, as references to attest to the applicant's substantial involvement and competence in criminal trial practice, as well as the applicant's character, ethics, and reputation for professionalism. Such lawyers shall be substantially involved in criminal trial law and familiar with the applicant's practice.

(2) The applicant shall submit the names and addresses of at least 2 judges before whom the applicant has appeared on criminal trial matters within the last 2 years, or before whom the applicant has tried a criminal trial to jury verdict, to attest to the applicant's

substantial involvement and competence in criminal trial practice, as well as the applicant's character, ethics, and reputation for professionalism.

(3) Peer review received on behalf of the applicant shall be sufficient to demonstrate the applicant's competence in criminal trial law, character, ethics, and professionalism. The criminal law certification committee may, at its option, send reference forms to other attorneys and judges.

(c) Education. The applicant shall demonstrate that during the 3-year period immediately preceding the filing of an application, the applicant has met the continuing legal education requirements necessary for criminal trial certification. The required number of hours shall be established by the board of legal specialization and education and shall in no event be less than 45 hours. Accreditation of educational hours is subject to policies established by the criminal law certification committee or the board of legal specialization and education.

(d) Examination. Every applicant must pass an examination designed to demonstrate sufficient knowledge, skills, proficiency, and experience in criminal trial law, application of constitutional principles, and rules of criminal procedure to justify the representation of special competence to the legal profession and the public.

Amended June 18, 1987, effective July 1, 1987 (508 So.2d 1236); Sept. 21, 1989, effective Oct. 1, 1989 (548 So.2d 1120); July 23, 1992, effective Jan. 1, 1993 (605 So.2d 252); July 1, 1993 (621 So.2d 1032); amended April 14-15, 1994, by the Board of Governors of The Florida Bar; Feb. 11, 1999; August 17, 2007, by the Board of Governors of The Florida Bar.

RULE 6-8.4 CRIMINAL TRIAL RECERTIFICATION

(b) Criminal Trials. Either as an advocate or as a judge, an applicant shall have completed the trial of a minimum of 5 criminal cases. Of these 5 cases, at least 4 shall have been jury trials and at least 3 shall have involved felony charges. On good cause shown, for satisfaction in part of the 5 criminal trials, the criminal law certification committee may consider, in its discretion, involvement in protracted litigation as defined in rule 6-8.3(a)(2)(e) or other such criteria as the committee may deem appropriate.

The proceedings that may serve as a trial for recertification purposes include, but are not limited to cases where the:

(1) result is "dismissal of charges" by the court upon a motion for judgment of acquittal at the close of the prosecution's case or thereafter;

(2) result is a “mistrial” or “plea.” The case may be counted as a trial at the discretion of the committee provided the applicant offers sufficient information demonstrating substantial courtroom activity;

(3) case is a “violation of probation” or a proceeding involving post-conviction relief. The case may be counted as the 1 non-jury trial of the 5 trials for recertification if the applicant offers sufficient information demonstrating substantial courtroom activity;

(4) case is a “court martial” before a judge; however, discharge boards shall be considered non-jury;

(c) Education. The applicant shall demonstrate completion of at least 50 credit hours of approved continuing legal education for criminal trial law certification, in accordance with rule 6-8.3(c).

(d) Peer Review.

(1) The applicant shall submit the names and addresses of at least 4 lawyers, who are neither relatives nor current associates or partners, as references, to attest to the applicant’s substantial involvement and competence in criminal trial practice, as well as the applicant’s character, ethics, and reputation for professionalism. Such lawyers shall be substantially involved in criminal trial law and familiar with the applicant’s practice.

(2) The applicant shall submit the names and addresses of at least 2 judges before whom the applicant has appeared on criminal trial matters within the last 2 years, or before whom the applicant has tried a criminal trial to jury verdict, to attest to the applicant’s substantial involvement and competence in criminal trial practice, as well as the applicant’s character, ethics, and reputation for professionalism.

(3) Peer review received on behalf of the applicant shall be sufficient to demonstrate the applicant’s competence in criminal appellate law, character, ethics, and professionalism. The criminal law certification committee may, at its option, send reference forms to other attorneys and judges.

(e) Waiver of Compliance. On special application, for good cause shown, the criminal law certification committee may waive compliance with the trial criteria for an applicant who has been continuously certified as a criminal trial lawyer for a period of 14 years or more, provided the applicant:

(1) satisfies the peer review and education required in subdivisions (c) and (d) of this rule; and,

(2) demonstrates substantial involvement in criminal trial law defined, for purposes of this subdivision, as active participation in the litigation process, including the investigation and evaluation of criminal charges, involvement in pretrial processes such as discovery and motion practice, and the review of strategy and tactics for trial. The applicant shall describe the extent of substantial involvement, including courtroom and trial experience, since the last date of recertification.

The 5 years of criminal appellate practice shall include brief writing, motion practice, oral arguments, and extraordinary writs sufficient to demonstrate special competence as a criminal appellate lawyer.

(2) The representation of at least 25 criminal appellate actions. On good cause shown, for satisfaction in part of the 25 criminal appellate actions, the criminal law certification committee may consider involvement in protracted litigation as defined in subdivision 6-8.2(e). If any of the applicant's appellate actions occurred when the applicant was a judicial clerk/staff attorney and the rules of court prevent the applicant from enumerating those appellate actions, then the applicant shall obtain, from the applicant's judge, a letter stating the number of appellate actions in which the applicant participated while employed by the judge.

(3) Submission of 1 copy of the pleadings filed in 2 recent criminal appellate proceedings:

(4) Within the 3 years immediately preceding application, the applicant's substantial involvement must be sufficient to demonstrate special competence as a criminal appellate lawyer. In no event may the year immediately preceding application be waived.

(b) Peer Review.

(1) The applicant shall submit the names and addresses of at least 4 lawyers, who are neither relatives nor current associates or partners, as references to attest to the applicant's substantial involvement and competence in criminal appellate practice, as well as the applicant's character, ethics, and reputation for professionalism. (c) Education. The applicant shall demonstrate that during the 3-year-period immediately preceding the filing of an application, the applicant has met the continuing legal education requirements necessary for criminal appellate certification. The required number of hours shall be established by the board of legal specialization and education and shall in no event be less than 45 hours. Accreditation of educational hours is subject to policies established by the criminal law certification committee or the board of legal specialization and education.

(d) Examination. Every applicant must pass an examination designed to demonstrate sufficient knowledge, skills, proficiency, and experience in criminal appellate law, application of constitutional principles, and rules of criminal and appellate procedure to justify the representation of special competence to the legal profession and the public.

Amended June 18, 1987, effective July 1, 1987 (508 So.2d 1236); Sept. 21, 1989, effective Oct. 1, 1989 (548 So.2d 1120); July 23, 1992, effective Jan. 1, 1993 (605 So.2d 252); Feb. 11, 1999; August 17, 2007, by the Board of Governors of The Florida Bar.

If any of the applicant's criminal appellate actions occurred when the applicant was a judicial clerk/staff attorney and the rules of court prevent the applicant from enumerating those appellate actions, then the applicant shall obtain, from the applicant's judge, a letter stating the number of criminal appellate actions in which the applicant participated while employed by the judge.

Such lawyers shall be substantially involved in criminal appellate law and familiar with the applicant's practice

(1) satisfies the peer review and education required in subdivisions (c) and (d) of this rule; and,

(2) demonstrates substantial involvement in criminal appellate law defined, for purposes of this subdivision, as active participation in the appellate process, including the investigation and evaluation of criminal appeals, and the review of strategy and tactics for appeals. **6-9. STANDARDS FOR BOARD CERTIFICATION IN REAL ESTATE LAW
RULE 6-9.1 GENERALLY**

A lawyer who is a member in good standing of The Florida Bar and meets the standards prescribed below may be issued an appropriate certificate identifying the lawyer as "Board Certified in Real Estate Law." The purpose of the standards is to identify those lawyers who practice Florida real estate law and have the special knowledge, skills, and proficiency as well as the character, ethics, and reputation for professionalism, to be properly identified to the public as board certified in real estate law. The practice of Florida real estate law is unique to the State of Florida because of the unique history, geographic features of the state, and the evolution of its constitutional, statutory, and decisional law. Accordingly, the standards require that lawyers

seeking certification demonstrate a degree of practical knowledge and experience in Florida real estate law and transactions.

Amended Sept. 21, 1989, effective Oct. 1, 1989 (548 So.2d 1120); amended January 30, 2004 by the Board of Governors; amended and effective October 16, 2015 by Board of Governors.

RULE 6-9.2 DEFINITIONS

(a) Real Estate. “Real estate” is the practice of law, regardless of jurisdiction, dealing with matters relating to ownership and rights in real property including, but not limited to, the examination of titles, real estate conveyances and other transfers, leases, sales and other transactions involving real estate, condominiums, cooperatives, property owners associations and planned developments, interval ownership, zoning and land use planning regulation, real estate development and financing, real estate litigation, and the determination of property rights.

(b) Practice of Law. The “practice of law” for this area is defined as set out in rule 6-3.5(c)(1).

Amended Sept. 21, 1989, effective Oct. 1, 1989 (548 So.2d 1120); July 23, 1992, effective Jan. 1, 1993 (605 So.2d 252); Nov. 21, 1997, by the Board of Governors of the Florida Bar; Amendment approved by the Board of Governors of The Florida Bar on January 30, 2004; Board of Governors approved amendment on January 30, 2004.

RULE 6-9.3 MINIMUM STANDARDS

(a) Minimum Period of Practice. Every applicant shall have been engaged in the practice of law in the United States, or engaged in the practice of United States law while in a foreign country, and shall have been a member in good standing of the bar of any state of the United States or the District of Columbia for a period of 5 years, 3 of which meet the requirements of 6-9.3(b) as of the date of filing an application. The years of law practice need not be consecutive.

(b) Substantial Involvement. Every applicant must demonstrate substantial involvement sufficient to show special knowledge, skills, and proficiency in the practice of real estate law during the 3 years immediately preceding the date of application. Substantial involvement is defined as including devoting at least 40 percent of one’s practice to matters in which issues of real estate law are significant factors and in which the applicant had substantial and direct participation in those real estate issues. The applicant must also demonstrate that the applicant’s real estate practice includes experience and involvement with Florida real estate law and transactions. Upon an applicant’s request and the recommendation of the real estate certification committee, the board of legal specialization and education may waive the requirement that the 3 years be “immediately preceding” the date of application if the board of legal specialization and education determines the waiver is warranted by special and compelling circumstances. An applicant must furnish information concerning the frequency of the applicant’s work and the nature of the issues involved. For the purposes of this subdivision, the “practice of law” shall be as defined in rule 6-3.5(c)(1), except that it shall also include time devoted to lecturing and/or authoring books or articles on fields of real estate law if the applicant was engaged in the practice of law during such period. Demonstration of compliance with this requirement shall be

made initially through a form of questionnaire approved by the real estate certification committee, but written or oral supplementation may be required.

(c) Peer Review. Every applicant shall submit the names and addresses of 5 attorneys or judges, at least 3 of whom are licensed to practice law in Florida and are familiar with the applicant's practice, not including attorneys who currently practice in the applicant's law firm, who can attest to the applicant's reputation for involvement in Florida real estate law, as well as the applicant's character, ethics, and reputation for professionalism. The board of legal specialization and education and the real estate certification committee shall alternatively authorize references from persons, including non-Florida lawyers and judges and persons other than attorneys in such cases as they deem appropriate. The board of legal specialization and education and the real estate certification committee may also make such additional inquiries as they deem appropriate.

(d) Education. Every applicant must demonstrate that during the 3-year period immediately preceding the date of filing an application, the applicant has accumulated 45 hours of continuing legal education approved for credit in real estate law by the board of legal specialization and education. The board of legal specialization and education or the real estate law certification committee shall establish policies applicable to this rule.

(e) Examination. The applicant must pass a written examination that is practical, objective, and designed to demonstrate special knowledge, skills, and proficiency in real estate law to justify the representation of special competence to the legal profession and the public.

Amended effective Oct. 29, 1987 (515 So.2d 977); amended Sept. 21, 1989, effective Oct. 1, 1989 (548 So.2d 1120); July 23, 1992, effective Jan. 1, 1993 (605 So.2d 252); amended January 30, 2004 by the Board of Governors of The Florida Bar.

RULE 6-9.4 RECERTIFICATION

To be eligible for recertification, an applicant must meet the following requirements:

(a) Substantial Involvement. The applicant must make a satisfactory showing, as determined by the board of legal specialization and education and the real estate certification committee, of involvement in real estate law throughout the period since the last date of certification. The demonstration of substantial involvement of at least 40 percent during each year after certification prior to recertification shall be made in accordance with the standards set forth in rule 6-9.3(b).

(b) Continuing Legal Education Requirement. The applicant must show completion of at least 75 hours of accredited continuing legal education approved for credit in real estate law by the board of legal specialization and education since the filing of the last application for certification.

(c) Reference Requirement. An applicant for recertification shall submit the names and addresses of 5 attorneys or judges, at least 3 of whom are licensed to practice law in Florida and are familiar with the applicant's practice, not including lawyers who currently practice in the

applicant's law firm, who can attest to the applicant's reputation for ability of practice and involvement in Florida real estate law as well as the applicant's character, ethics, and reputation for professionalism. The board of legal specialization and education and the real estate certification committee may also make such additional inquiries as they deem appropriate.

Amended effective Oct. 29, 1987 (515 So.2d 977); amended Sept. 21, 1989, effective Oct. 1, 1989 (548 So.2d 1120); July 23, 1992, effective Jan. 1, 1993 (605 So.2d 252); amended January 30, 2004 by the Board of Governors of The Florida Bar. Due to recent amendments to rule 6-9.3, the BLSE removed the sentence, "The maximum number of hours for those educational activities set forth in rule 6-9.3(d)(2)-(6) shall also apply for recertification." from subdivision (b) of rule 6-9.4.

Added June 18, 1987, effective July 1, 1987 (508 So.2d 1236). Amended Sept. 21, 1989, effective Oct. 1, 1989 (548 So.2d 1120); amended May 21-22, 1998, by the Board of Governors of The Florida Bar; amendment

approved by the Board of Governors on August 22, 2003; amended October 21, 2011 by the Board of Governors of The Florida Bar. Amended and effective October 16, 2015 by Board of Governors.

RULE 6-11.2 DEFINITIONS

(a) Workers' Compensation. "Workers' compensation" is the practice of law involving the analysis and litigation of problems or controversies arising out of the Florida Workers' Compensation Law (chapter 440, Florida Statutes).

(b) Practice of Law. The "practice of law" for this area is defined as set out in rule 6-3.5(c)(1).

(c) Trial. "Trial" shall be defined as the process of having carried a client's burden of going forward in either the prosecution or defense of a claim for any substantive benefit (including entitlement to an attorney's fee). Pretrial, settlement, lump sum, and motion hearings (including motions to be relieved of costs) shall not be considered trials. Substantial participation in a rule nisi petition and hearing for the enforcement of a workers' compensation order is a "trial" under this subsection, but no more than two such hearings may be used. Attorney fee hearings, on the sole issue of the quantum fees, cannot be considered as a contested workers' compensation case. Cases involving a merits hearing, with a later attorney fee hearing on the question of entitlement to an attorney's fee on the same merit issues, can count as only 1 case. Hearings and/or trials outside the jurisdiction of the Florida Office of the Judges of Compensation Claims, and appeals of these matters (including, but not limited to, federal workers' compensation matters, Federal Longshore and Harbor Workers' Compensation Act matters, and other circuit court actions, etc.) cannot be used to meet the trial or protracted litigation.

(d) Protracted Litigation. "Protracted litigation" shall be defined as litigation that involves unusual or complicated legal issues and extensive discovery, yet does not result in submission of the ultimate issue to the trier of fact, or substantial presentation in the appeal of workers' compensation cases.

(e) Substantial Equivalent. "Substantial equivalent" includes preparation and publication of legal articles, or the presentation of lectures and seminars, and the trial and submission to the trier of fact of any workers' compensation issues before any judge other than a Judge of Compensation Claims (JCC). In addition, an applicant can only substitute up to 3 workers' compensation mediations, where the applicant acted as mediator, to count as 1 "substantial equivalent,". The applicant may substitute up to 3 substantial equivalents (i.e., 9 mediations acting as mediator) in this manner. What is or is not substantial a substantial equivalent and is within the sole discretion of the workers' compensation certification committee, but may not substitute for more than 5 of the required trials of workers' compensation cases.

Added June 18, 1987, effective July 1, 1987 (508 So.2d 1236). Amended Sept. 21, 1989, effective Oct. 1, 1989 (548 So.2d 1120); July 23, 1992, effective Jan. 1, 1993 (605 So.2d 252); amended Oct. 31-Nov. 2, 1996, by the Board of Governors of The Florida Bar; amended May 21-22, 1998, by the Board of Governors of The Florida Bar; amended by Board of Governors August 22, 2003; amended October 21, 2011 by the Board of Governors of The Florida Bar.

RULE 6-11.3 MINIMUM STANDARDS

(a) Substantial Involvement. To become certified as a workers' compensation lawyer, a lawyer must demonstrate substantial involvement in workers' compensation law. Substantial involvement shall include the following:

(1) At least 5 years of the actual practice of law of which at least 30 percent has been spent in active participation in workers' compensation law. At least 3 years of this practice shall be immediately preceding application or, during those 3 years, the applicant may have served as a judge of compensation claims adjudicating workers' compensation matters.

(2) The trial of a minimum of 25 contested workers' compensation cases. All such cases must have involved substantial legal or factual issues. In each of these 25 cases the applicant shall have been responsible for all or a majority of the presentation of evidence and representation of the client. As partial satisfaction of the requirement of 25 contested workers' compensation cases, the workers' compensation certification committee may substitute for "trials" their "substantial equivalent," appeals, or cases involving protracted litigation of contested workers' compensation cases involving substantial legal or factual issues. Successful completion of a trial advocacy seminar, approved by the committee, that includes as a part of its curriculum active participation by the applicant in simulated courtroom proceedings may substitute as 1 contested workers' compensation case. The total number of cases that may be substituted for the minimum of 25 contested cases including cases of "substantial equivalent," appeals and cases of "protracted litigation" shall not exceed a total of 10, of which the cases of "protracted litigation" and/or appeals shall not exceed a total of 5 cases, and cases of "substantial equivalent" shall not exceed a total of 5 cases.

(3) Within the 3 years immediately preceding application, the applicant shall have substantial involvement in contested workers' compensation cases sufficient to demonstrate special competence as a workers' compensation lawyer. Substantial involvement includes investigation, evaluation, pleadings, discovery, taking of testimony, presentation of evidence and argument, and trial of workers' compensation cases. Substantial involvement also includes active participation in the appeal of workers' compensation cases. For good cause shown, the workers' compensation certification committee may waive up to 2 of the 3 years' substantial involvement for individuals who have served as judges of compensation claims adjudicating workers' compensation matters.

(b) Peer Review. The applicant shall select and submit names and addresses of 5 lawyers, not associates or partners, as references to attest to the applicant's special competence and substantial involvement in workers' compensation practice, as well as the applicant's character, ethics, and reputation for professionalism. Such lawyers themselves shall be involved in workers' compensation law and shall be familiar with the applicant's practice. No less than 1 shall be a judge of compensation claims before whom the applicant has appeared as an advocate in the trial of a workers' compensation case in the 2 years immediately preceding the application. In addition, the workers' compensation certification committee may, at its option, send reference forms to other attorneys and judges of compensation claims.

(c) Education. The applicant shall make a satisfactory showing that, within the 3 years immediately preceding application, the applicant has accumulated at least 45 hours of approved continuing legal education in the field of workers' compensation law.

(d) Examination. The applicant must pass an examination applied uniformly to all applicants to demonstrate sufficient knowledge, proficiency, and experience in workers' compensation law to justify the representation of special competence to the legal profession and the public.

Added June 18, 1987, effective July 1, 1987 (508 So.2d 1236). Amended Sept. 21, 1989, effective Oct. 1, 1989 (548 So.2d 1120); July 23, 1992, effective Jan. 1, 1993 (605 So.2d 252); July 28-29, 1994, by the Board of Governors of The Florida Bar; amended Jan. 26, 1996, by the Board of Governors of The Florida Bar; amended Oct. 31-Nov. 2, 1996, by the Board of Governors of The Florida Bar; amended May 21-22, 1998, by the Board of Governors of The Florida Bar; amended October 21, 2011 by the Board of Governors of The Florida Bar.

RULE 6-11.4 JUDGES OF COMPENSATION CLAIMS

An applicant who is serving as a judge of compensation claims and applies for recertification while serving as a judge of compensation claims shall be deemed to have met the requirements of rule 6-11.5.

Added June 18, 1987, effective July 1, 1987 (508 So.2d 1236). Amended Sept. 21, 1989, effective Oct. 1, 1989 (548 So.2d 1120); July 23, 1992, effective Jan. 1, 1993 (605 So.2d 252); Oct. 31-Nov. 2, 1996, by the Board of Governors of The Florida Bar.

RULE 6-11.5 RECERTIFICATION

During the 5-year period immediately preceding the date of application, the applicant must meet the following requirements for recertification:

(a) Substantial Involvement. The applicant shall demonstrate continuous and substantial involvement in the practice of law, of which 30 percent has been spent in active participation in workers' compensation law throughout the period since the last date of certification. The demonstration of substantial involvement shall be made in accordance with the standards set forth in rule 6-11.3(a)(3).

(b) Trial Requirement. The applicant must have completed trial of a minimum of 15 contested workers' compensation cases, or the substantial equivalent, since the filing of the last application for certification. All such cases must have involved substantial legal or factual issues. For good cause shown, as partial satisfaction for the requirement of 15 contested workers' compensation cases, the workers' compensation certification committee may substitute for "trials" their "substantial equivalent" or 5 cases involving appeals and/or protracted litigation of contested workers' compensation cases involving substantial legal or factual issues. The total number of cases that may be substituted for the minimum 15 contested cases, including cases of "substantial equivalent," appeals and cases of "protracted litigation," is a total of 10 cases, of

which the total number of cases of “protracted litigation” and/or appeals, shall not exceed a total of 8 cases and cases of “substantial equivalent” shall not exceed a total of 5 cases. An attorney fee hearing, on the sole issue of the quantum fees, cannot be considered as a contested workers’ compensation case. A case involving a merits hearing, with a later attorney fee hearing on the question of entitlement to an attorney’s fee on the same merit issues, can count as only 1 case.

(c) Peer Review. The applicant shall submit references as set forth in rule 6-11.3(b). The references submitted must be able to attest to the applicant’s special competence and substantial involvement in workers’ compensation practice, as well as the applicant’s character, ethics, and professionalism, throughout the period since the last date of certification.

(d) Education. The applicant shall report completion of at least 75 hours of approved continuing legal education in workers’ compensation law since the filing of the last application for certification.

(e) Waiver. On special application, for good cause shown, the workers’ compensation certification committee may waive compliance with the 15 contested workers’ compensation cases requirement for an applicant who has been continuously certified as a workers’ compensation lawyer for a period of 14 years or more.

6-13. STANDARDS FOR BOARD CERTIFICATION IN APPELLATE PRACTICE

RULE 6-13.1 GENERALLY

A lawyer who is a member in good standing of The Florida Bar and meets the standards prescribed below may be issued an appropriate certificate identifying the lawyer as “Board Certified in Appellate Practice.” The purpose of the standards is to identify those lawyers who engage in appellate practice and have the special knowledge, skills, and proficiency, as well as

the character, ethics, and reputation for professionalism, to be properly identified to the public as board certified in appellate practice.

Adopted July 1, 1993 (621 So.2d 1032). Amended April 9, 1999; August 17, 2007, by the Board of Governors of The Florida Bar. Amended and effective October 16, 2015 by Board of Governors.

RULE 6-13.2 DEFINITIONS

(a) Appellate Practice. “Appellate practice” is the practice of law dealing with the recognition and preservation of error committed by lower tribunals, and the presentation of argument concerning the presence or absence of error to state or federal appellate courts through brief writing, writ and motion practice, and oral argument. Appellate practice includes evaluation and consultation regarding potential appellate issues or remedies in connection with proceedings in the lower tribunal prior to the initiation of the appellate process.

(b) Appellate Action. “Appellate action” means an action filed in a state court, a federal district court, a United States court of appeals, or the Supreme Court of the United States seeking review of a decision of a lower tribunal.

(1) *Timing of Appellate Actions.* Appellate actions in which the applicant filed a principal brief, response or petition as defined in Rule 6-13.2(b), (f) or (g) before the application deadline will be counted as appellate actions regardless of whether the action is settled, dismissed or proceeds to decision on the merits. If the filing date falls outside the time frame for the current filing period, the appellate action will not count towards the required total.

(2) *Supreme Court Briefs.* A brief on the merits following an acceptance of jurisdiction in the United States Supreme Court may be considered as a separate appellate action.

(3) *Consolidated Proceedings.* Appellate proceedings with different case numbers that are consolidated by the court will not be considered separate appellate actions for any purposes for which they have been consolidated.

(4) *Cross-Appeals.* For good cause shown, the committee may determine that a cross-appeal constitutes a separate action from a direct appeal so that an appeal and cross-appeal will count as two “appellate actions” for purposes of this subchapter, if the committee determines that the applicant had sole or primary responsibility for the filing of two separate principal briefs.

(c) Practice of Law. The “practice of law” for this area is defined in rule 6-3.5(c)(1).

(d) Appellate Practice Certification Committee. The appellate practice certification committee may include 1 member presently serving as an appellate court judge from a Florida district court of appeal, the Supreme Court of Florida, a United States court of appeals, or the Supreme Court of the United States. Certification in appellate practice is preferred, but is not a requirement. Appointment otherwise will be consistent with rule 6-3.2.

(e) Primary Responsibility. Having “primary responsibility” for writing and filing a brief, petition, or response means having the most substantial and direct participation of all the lawyers contributing to that task. Only 1 lawyer may claim primary responsibility for that task. Where primary responsibility is used to meet the requirement, the applicant must specifically identify any other lawyer who provided substantial assistance with the task and demonstrate that the applicant’s level of participation was primary to the satisfaction of the appellate practice certification committee. For the purposes of meeting the primary responsibility brief writing requirements under this subchapter, credit for a brief, petition, or response that does not designate the applicant as an author may be considered if accompanied by a certification from at least 1 of the designated authors that the applicant had the most substantial and direct participation in the preparation of the brief.

(f) Principal Briefs in Appeals. “Principal briefs in appeals” means the primary brief on the merits and excludes reply briefs (including reply briefs that also serve as answer briefs on cross-appeal), jurisdictional briefs, supplemental briefs, and amicus briefs. For good cause shown, the appellate practice certification committee may treat a reply brief (including a reply brief that also serves as an answer brief on cross-appeal), jurisdictional brief, supplemental brief, or amicus brief as a principal brief for the purpose of these rules, if the brief is substantial and reflects a level of effort and preparation comparable to that required to produce a principal brief. For good cause shown, the committee may treat a combined answer brief and initial brief on cross-appeal as separate principal briefs if the brief reflects a level of effort and preparation comparable to that required to produce separate principal briefs.

(g) Petitions or Responses in Extraordinary Writ Cases. “Petitions or responses in extraordinary writ cases” refer to a petition or response to a petition that seeks a writ from an appellate court to challenge a ruling or the jurisdiction of a lower tribunal or administrative agency. The term includes a petition or response to a petition for a writ of certiorari filed in the Supreme Court of the United States. The term does not include any other petition or response to a petition that merely requests discretionary appellate review, such as a notice to invoke the discretionary jurisdiction of the Supreme Court of Florida, or for permission to appeal to a United States Court of Appeals an order of a district court pursuant to, for example, 28 U.S.C. §1292(b) or Federal Rule of Civil Procedure 23(f).

(h) Good Cause. “Good cause” exceptions allow the appellate practice certification committee the discretion to waive technical compliance with the relevant requirement. The committee may, in its discretion, allow certification or recertification of an individual where the applicant’s proffered circumstances demonstrate that the applicant has the special knowledge, skill, and proficiency, or a reasonable equivalent to satisfy the relevant requirement. The committee will consider a good cause exception only on specific request by the applicant.

Adopted July 1, 1993 (621 So.2d 1032). Amended April 9, 1999; August 17, 2007; May 31, 2013; January 29, 2016; January 20, 2017 by the Board of Governors of The Florida Bar.

RULE 6-13.3 MINIMUM STANDARDS

(a) Substantial Involvement. The applicant must have been engaged in the practice of law for at least 5 years. During the 3-year period immediately preceding the date of application, at

least 30 percent of the applicant's practice must have been spent in substantial and direct involvement in appellate practice sufficient to demonstrate special competence as an appellate lawyer. For good cause shown, the appellate practice certification committee may waive up to 2 of the 3 years' substantial involvement for individuals who have served as appellate judges or as a clerk, career attorney, or staff attorney in an appellate court. Substantial involvement during the year immediately preceding the application will not be waived.

(b) Appellate Actions. During the 5-year period immediately preceding application, the applicant must have had sole or primary responsibility in at least 25 appellate actions for the filing of principal briefs in appeals, or the filing of petitions or responses in extraordinary writ cases.

(c) Oral Arguments. During the 5-year period immediately preceding application, the applicant must have presented at least 5 oral arguments to an appellate court. The oral arguments to an appellate court need not have been presented in the same cases listed on the application as appellate actions. The appellate practice certification committee may waive this requirement on good cause shown.

(d) Education. During the 3-year period immediately preceding the filing of an application, the applicant must demonstrate completion of 45 credit hours of approved continuing legal education for appellate practice certification. Accreditation of educational hours is subject to policies established by the appellate practice certification committee or the board of legal specialization and education.

(e) Peer Review.

(1) The applicant must submit the names and addresses of at least 4 lawyers, who are neither relatives nor current associates or partners, as references to attest to the applicant's substantial involvement and competence in appellate practice, as well as the applicant's character, ethics, and reputation for professionalism. These lawyers must be involved in appellate practice and familiar with the applicant's practice.

(2) The applicant shall submit the names and addresses of at least 2 judges before whom the applicant has appeared on appellate matters within the last 2 years to attest to the applicant's substantial involvement and competence in appellate practice, as well as the applicant's character, ethics, and reputation for professionalism.

(3) The appellate practice certification committee may send reference forms to other lawyers and judges.

(f) Examination. Every applicant must pass an examination designed to demonstrate sufficient knowledge, proficiency and experience in appellate practice – including the recognition, preservation, and presentation of trial error, and knowledge and application of the rules of appellate procedure applicable to state and federal appellate practice in Florida – to justify the representation of special competence to the legal profession and public.

Adopted July 1, 1993 (621 So.2d 1032). Amended Nov. 21, 1997; April 9, 1999; August 17, 2007; May 31, 2013; January 29, 2016 by the Board of Governors of The Florida Bar.

RULE 6-13.4 RECERTIFICATION

During the 5-year period immediately preceding application, an applicant must satisfy the following requirements for recertification:

(a) Substantial Involvement. The applicant must demonstrate continuous and substantial involvement in the practice of law, of which at least 30 percent must have been spent in actual participation in appellate practice.

(b) Appellate Actions. The applicant must have had sole or primary responsibility in at least 15 appellate actions for the filing of principal briefs in appeals, or the filing of petitions or responses thereto in extraordinary writ cases. For good cause, the appellate practice certification committee may waive this requirement for applicants who have been continuously certified for 14 or more years.

(c) Oral Arguments. The applicant must have presented at least 5 oral arguments to an appellate court. The oral arguments to an appellate court need not have been presented in the same cases listed on the application as appellate actions. The appellate practice certification committee may waive this requirement on good cause shown.

(d) Education. The applicant must demonstrate completion of at least 50 credit hours of approved continuing legal education for appellate practice certification. This requirement may be satisfied by the applicant's participation in at least 30 hours of continuing judicial education approved by the Supreme Court of Florida.

(e) Peer Review.

(1) The applicant must submit the names and addresses of at least 4 lawyers, who are neither relatives nor current associates or partners, as references to attest to the applicant's substantial involvement and competence in appellate practice, as well as the applicant's character, ethics, and reputation for professionalism. These lawyers must be involved in appellate practice and familiar with the applicant's practice.

(2) The applicant must submit the names and addresses of at least 2 judges before whom the applicant has appeared on appellate matters within the last 2 years to attest to the applicant's substantial involvement and competence in appellate practice, as well as the applicant's character, ethics, and reputation for professionalism.

(3) The appellate practice certification committee may send reference forms to other lawyers and judges.

(f) Judges.

(1) An applicant who is serving as an appellate court judge on a Florida district court of appeal, the Supreme Court of Florida, a United States court of appeals, or the United States Supreme Court, and who applies for recertification while serving as a judge of that court, will be deemed to have met the requirements of subdivisions (a)-(c) of this rule, and

the appellate practice certification committee may waive compliance with the requirements of subdivision (e) of this rule, for good cause shown.

(2) For an applicant who is subject to the Code of Judicial Conduct and who performs or has performed judicial functions on a full-time basis during a substantial portion of the period since the last date of certification, the appellate practice certification committee may waive compliance with the requirements of subdivisions (a) - (c) and (e) of this rule, for good cause shown, provided the applicant has complied with all other requirements for recertification.

(g) Good Cause. Subject to the requirements of rule 6-13.2(h), in determining good cause under this rule, the appellate practice certification committee will consider, if requested, the length of time the applicant has been certified; the applicant's supervisory responsibility for appellate actions or oral arguments since the date of the last certification application; the nature and complexity of the applicant's appellate actions since the last application for certification; the number of appellate actions in the applicant's career; and any health, career, or other factors that may have limited the number of appellate actions or oral arguments since the date of the last application for certification.

Adopted July 1, 1993 (621 So.2d 1032). Amended Nov. 21, 1997; April 9, 1999; August 17, 2007; February 1, 2008; May 31, 2013; January 29, 2016, by the Board of Governors of The Florida Bar.

(a) Minimum Period of Practice. Every applicant shall have been engaged in the practice of law in the United States, or engaged in the practice of United States law while in a foreign country, and shall have been a member in good standing of the bar of any state of the United States or the District of Columbia for a period of 5 years as of the date of application.

(1) The years of practice of law need not be consecutive.

(2) Notwithstanding the definition of “practice of law” in rule 6-3.5(c)(1), receipt of an LL.M. degree in health law (or such other related fields approved by the board of legal specialization and education and the health law certification committee) from an approved law school shall be deemed to constitute 1 year of the practice of law for purposes of the 5-year practice requirement (but not the 5-year bar membership requirement) under this subdivision. However, an applicant may not receive credit for more than 1 year of practice for any 12-month period under this subdivision; accordingly, for example, an applicant who, while being engaged in the practice of law, receives an LL.M. degree by attending night classes, would not receive credit for the practice of law requirement by virtue of having received the LL.M. degree.

(b) Substantial Involvement. Every applicant must demonstrate substantial involvement in the practice of health law during the 3 years immediately preceding the date of application. Upon an applicant’s request and the recommendation of the health law certification committee, the board of legal specialization and education may waive the requirement that the 3 years be “immediately preceding” the date of application if the board of legal specialization and education determines the waiver is warranted by special and compelling circumstances. Substantial involvement means the applicant has devoted 40 percent or more of the applicant’s practice to matters in which issues of health law are significant factors and in which the applicant had substantial and direct participation in those health law issues. An applicant must furnish information concerning the frequency of the applicant’s work and the nature of the issues involved. For the purposes of this subdivision the “practice of law” shall be as defined in rule 6-3.5(c)(1), except that it shall also include time devoted to lecturing and/or authoring books or articles on health law if the applicant was engaged in the practice of law during such period. Demonstration of compliance with this requirement shall be made initially through a form of questionnaire approved by the health law certification committee but written or oral supplementation may be required.

(c) Peer Review. Every applicant shall submit the names and addresses of 5 other attorneys or judges who are familiar with the applicant’s practice, not including attorneys who currently practice in the applicant’s law firm, and who can attest to the applicant’s reputation for involvement in the field of health law, as well as the applicant’s character, ethics, and reputation for professionalism, in accordance with rule 6-3.5(c)(6). The board of legal specialization and education or the health law certification committee may authorize references from persons other than attorneys in such cases as they deem appropriate. The board of legal specialization and

education and the health law certification committee may also make such additional inquiries as they deem appropriate.

(d) Education. Every applicant must demonstrate that during the 3-year period immediately preceding the date of application, the applicant has met the continuing legal education requirements in health law as follows. The required number of hours shall be established by the board of legal specialization and education and shall in no event be less than 60 hours, at least 18 hours of which must be obtained through attendance at continuing legal education seminars as described in subdivision (1) below. Credit for attendance at continuing legal education seminars shall be given only for programs that are directly related to health law. Subject to the requirements and limitations set forth above, the education requirement may be satisfied by 1 or more of the following:

(1) attendance at continuing legal education seminars meeting the requirements set forth above;

(2) lecturing at and/or preparation of outline material of such continuing legal education seminars;

(3) authoring articles or books published in professional periodicals or other professional publications;

(4) teaching courses in “health law” at an approved law school or other graduate or undergraduate level program presented by a recognized professional education association;

(5) completing such home study programs as may be approved by the board of legal specialization and education or the health law certification committee, subject to the limitation that no more than 50 percent of the required number of hours of education may be satisfied through home study programs; or

(6) such other methods as may be approved by the health law certification committee.

The board of legal specialization and education or the health law certification committee shall, by rule or regulation, establish standards applicable to this rule, including, but not limited to, the method of establishment of the number of hours allocable to any of the above-listed subdivisions. Such rules or regulations shall provide that hours shall be allocable to each separate but substantially different lecture, article, or other activity described in subdivisions (2), (3), and (4) above.

(e) Examination. Every applicant must pass a written examination designed to demonstrate sufficient knowledge, skills, and proficiency in the field of health law to justify the representation of special competence to the legal profession and the public.

Added Sept. 1, 1994 (641 So.2d 1327). Amended March 14-16, 1996, by the Board of Governors of The Florida Bar; Oct. 22, 1999, by the Board of Governors of The Florida Bar.

RULE 6-14.4 RECERTIFICATION

To be eligible for recertification, an applicant must meet the following requirements:

(a) Substantial Involvement. Applicants must demonstrate a satisfactory showing, as determined by the board of legal specialization and education and the health law certification committee, of continuous and substantial involvement in the field of health law throughout the period since the last date of certification. The demonstration of substantial involvement shall be made in accordance with the standards set forth in rule 6-14.3(b), except that the board of legal specialization and education and the health law certification committee may accept an affidavit from the applicant attesting to the applicant's compliance with the substantial involvement requirement.

(b) Continuing Legal Education Requirement. Applicants must demonstrate the completion of at least 100 hours of continuing legal education since the filing of the last application for certification (or recertification). The continuing legal education must logically be expected to enhance the proficiency of attorneys who are board certified health law attorneys. If the applicant has not attained 100 hours of continuing legal education, but has attained more than 60 hours during such period, successful passage of the written examination given by the board of legal specialization and education to new applicants shall satisfy the continuing legal education requirements.

(c) Peer Review. Peer review shall be conducted in accordance with the standards set forth in rule 6-14.3(c).

(d) Examination Requirement. If, after reviewing the material submitted by an applicant for recertification, the board of legal specialization and education and the health law certification committee determine that the applicant may not meet the standards in health law established under this chapter, the board of legal specialization and education and the health law certification committee may require, as a condition of recertification, that the applicant pass the written examination given by the board of legal specialization and education to new applicants.

Added Sept. 1, 1994 (641 So.2d 1327). Amended Oct. 22, 1999, by the Board of Governors of The Florida Bar.

Added Sept. 1, 1994 (631 So.2d 1327). Amended Jan. 26, 1996, by the Board of Governors of The Florida Bar; Amended October 3, 2008 by Board of Governors of The Florida Bar, effective October 3, 2008.

6-16. STANDARDS FOR BOARD CERTIFICATION IN BUSINESS LITIGATION

RULE 6-16.1 GENERALLY

A lawyer who is a member in good standing of The Florida Bar and who meets the standards prescribed below may be issued a certificate, identifying the lawyer as “Board Certified in Business Litigation.” The purpose of the standards is to identify those lawyers who practice in the area of business litigation and have the special knowledge, skills, and proficiency, as well as the character, ethics, and reputation for professionalism, to be properly identified to the public as board certified business litigation lawyers.

Added July 20, 1995 (658 So.2d 930). Amended July 17-18, 1996, by the Board of Governors of The Florida Bar; September 18-20, 1997, by the Board of Governors of The Florida Bar; amendment approved by Board of Governors on August 22, 2003; amendments approved by Board of Governors on January 31, 2014.

RULE 6-16.2 DEFINITIONS

(a) **Business Litigation.** “Business litigation” is the practice of law dealing with the legal problems from commercial and business relationships, including litigation of controversies. “Business litigation” includes evaluating, handling, and resolving such controversies before state courts, federal courts, administrative agencies, mediators, and arbitrators. Matters not qualifying for business litigation include areas of practice dealing with personal injury, routine collection matters, marital and family law, or workers’ compensation. Courts of “general jurisdiction” include state circuit courts, federal district courts, and courts of similar jurisdiction in other states, but not county courts.

(b) **Practice of Law.** The “practice of law” for this area is defined in subdivision (c)(1) of rule 6-3.5. The practice of law which otherwise satisfies these requirements but which is on a part-time basis will satisfy this requirement.

Added July 20, 1995 (658 So.2d 930). Amended July 17-18, 1996, by the Board of Governors of The Florida Bar; September 18-20, 1997, by the Board of Governors of The Florida Bar; approved by the Board of Governors on August 22, 2003; amendments approved by Board of Governors on January 31, 2014.

RULE 6-16.3 MINIMUM STANDARDS

(a) **Minimum Period of Practice.** The applicant must have at least 5 years of the actual practice of law immediately preceding application, of which at least 30 percent has been spent in active participation in business litigation.

(b) **Minimum Number of Matters.** The applicant must have had substantial involvement in a minimum of 25 contested business litigation matters during the 5-year period immediately preceding application. These matters must have proceeded at least to the filing of a complaint or similar pleading and involve substantial legal or factual issues. At least 8 of the 25 matters must have been submitted to the trier of fact for resolution of 1 or more contested factual issues through the presentation of live testimony or other evidence at a hearing. The trier of fact includes any judge or jury of a court of general jurisdiction, an arbitration panel, administrative agency, bankruptcy court, or other similar body. At least 1 of the 8 matters must have been tried before a jury during the 10-year period immediately preceding application. If the applicant has not tried a business litigation matter before a jury, the business litigation certification committee may consider any civil dispute tried before a jury within the allowable time period to satisfy the jury trial requirement. "Submission to the trier of fact" and trial before a jury requires completion of the case in chief of the plaintiff, petitioner, or claimant. If the applicant has not participated in 8 matters submitted to the trier of fact for resolution, the applicant may substitute completion of an advanced trial advocacy seminar for 1 of the 8 matters, either by teaching, attendance, or any combination. An advanced trial seminar submitted for the jury trial requirement must contain a jury trial component, including voir dire, opening statements, and a closing argument. This seminar must be 3 full days, approved by the business litigation certification committee, and include as part of its curriculum active participation by the applicant in simulated courtroom proceedings. All course materials for the seminar must be submitted to the business litigation certification committee to be considered for substitute credit. The business litigation certification committee may consider involvement in protracted adversary proceedings to satisfy any of these requirements for good cause shown. A "protracted adversary proceeding" is a "business litigation" matter which, by its very nature, is so time consuming as to preclude the applicant from meeting the requirements of this subdivision. In order to demonstrate compliance with the requirements of this section, the following criteria will be applicable:

- (1) summary judgments will not count as 1 of the 8 matters submitted to the trier of fact;
- (2) submission to the trier of fact and trial before a jury requires completion of the case in chief of the plaintiff, petitioner, or claimant;
- (3) each preliminary injunction or other evidentiary hearing will count as 1 of the 8 matters submitted to the trier of fact; and,
- (4) each matter in which the applicant supervises an associate will qualify the matter as 1 of the 25 but not as 1 of the 8 matters submitted to the trier of fact.

(c) **Substantial Involvement.** The applicant must have substantial involvement in contested business litigation cases sufficient to demonstrate special competence as a business

litigation lawyer. Substantial involvement includes active participation in client interviewing, counseling and investigating, preparation of pleadings, participation in discovery, taking of testimony, presentation of evidence, negotiation of settlement, drafting and preparation of business litigation settlement agreements, and argument and trial of business law cases.

(d) Peer Review. The applicant must submit names and addresses of 5 lawyers, who are not the applicant's associates or partners, as references to attest to the applicant's special competence and substantial involvement in business litigation, as well as the applicant's character, ethics, and reputation for professionalism. The lawyers themselves must be substantially involved in business litigation and familiar with the applicant's practice. At least 1 of these references must be a judge or presiding officer of a court or other tribunal before whom the applicant has appeared as an advocate in a business litigation matter in the 2-year period immediately preceding the application. The business litigation certification committee may send reference forms to other lawyers, judges, or officers and conduct other investigation as necessary.

(e) Education. The applicant must demonstrate completion of at least 50 hours of approved continuing legal education in business litigation within the 3-year period immediately preceding the date of application. Accreditation of educational hours is subject to policies established by the business litigation certification committee or the board of legal specialization and education.

(f) Examination. The applicant must pass an examination applied uniformly to all applicants to demonstrate sufficient knowledge, skills, experience, proficiency, and professionalism in business litigation to justify representation of special competence to the legal profession and to the public.

Added July 20, 1995 (658 So.2d 930). Amended July 17-18, 1996, by the Board of Governors of The Florida Bar; September 18-20, 1997, by the Board of Governors of The Florida Bar; amended effective June 29, 2000, by the Board of Governors of The Florida Bar; amendment approved by Board of Governors on August 22, 2003; amendment approved by BoG on 6/2/06 and effective on 6/5/06; amendments approved by Board of Governors on January 31, 2014; amendments approved by the Board of Governors on October 12, 2018..

RULE 6-16.4 RECERTIFICATION

During the 5-year period immediately preceding the date of application, the applicant must demonstrate satisfaction of the following requirements for recertification:

(a) Substantial Involvement. The applicant must demonstrate continuous and substantial involvement in the field of business litigation in accordance with the standards in subdivision (c) of rule 6-16.3.

(b) Minimum Number of Matters. The applicant must have had substantial involvement in a minimum of 25 contested business litigation matters. These matters must have proceeded at least to the filing of a complaint or similar pleading and involve substantial legal or factual issues. At least 5 of the 25 matters must have been submitted to the trier of fact for resolution of 1 or more contested factual issues through the presentation of live testimony or other evidence at

a hearing, as described in subdivision (b) of rule 6-16.3. If the applicant has not participated in 5 matters submitted to the trier of fact for resolution, the applicant may substitute completion of an advanced trial advocacy seminar for 1 of the 5 required matters, either by teaching, attendance, or a combination. The seminar must be 3 full days, approved by the business litigation certification committee, and include as part of its curriculum active participation by the applicant in simulated courtroom proceedings. All course materials for the seminar must be submitted to the business litigation certification committee to be considered for substitute credit toward 1 of the 5 matters. The business litigation certification committee may consider involvement in protracted adversary proceedings, as defined in subdivision (b) of rule 6-16.3 to satisfy any of these requirements on good cause shown. In order to demonstrate compliance with the requirements of this section, the following criteria are applicable:

- (1) summary judgments will not count as 1 of the 5 matters submitted to the trier of fact;
- (2) submission to the trier of fact and trial before a jury requires completion of the case in chief of the plaintiff, petitioner, or claimant;
- (3) each preliminary injunction or other evidentiary hearing counts as 1 of the 5 matters submitted to the trier of fact;
- (4) each matter in which the applicant supervises an associate will qualify the matter as 1 of the 25 but not as 1 of the 5 matters submitted to the trier of fact.

The business litigation certification committee may waive compliance with the evidentiary hearing criteria for an applicant who has been continuously board certified as a business litigation lawyer for a period of 14 years or more on special application for good cause shown.

(c) Education. The applicant must demonstrate completion of 50 hours of approved continuing legal education since the date of the last application for certification. Accreditation of educational hours is subject to policies established by the business litigation certification committee or the board of legal specialization and education.

(d) Peer Review. The applicant must submit names and addresses of 5 lawyers, who are not the applicant's associates or partners, as references to attest to the applicant's special competence and substantial involvement in business litigation, as well as the applicant's character, ethics, and reputation for professionalism. The lawyers themselves must be substantially involved in business litigation and familiar with the applicant's practice. At least 1 of these references must be a judge or presiding officer of a court or other tribunal before whom the applicant has appeared as an advocate in a business litigation matter in the 2-year period immediately preceding the application. The business litigation certification committee may send reference forms to other lawyers, judges, or officers and conduct other investigation as necessary.

(e) Judges. On special application, for good cause shown, an applicant who is serving as a judge and applies for recertification will have met the requirements of rule 6-16.4. The business litigation certification committee may waive compliance with any portion of the recertification criteria for an applicant who is an officer of any judicial system as defined in the Code of

Judicial Conduct and who performs or has performed judicial functions on a full-time basis during a substantial portion of the period since the last date of certification.

Added July 20, 1995 (658 So.2d 930). Amended July 17-18, 1996, by the Board of Governors of The Florida Bar; September 18-20, 1997, by the Board of Governors of The Florida Bar; amendment approved by Board of Governors on August 22, 2003; amendment approved by BoG on 6/2/06 and effective 6/5/06; amendment approved by Board of Governors on March 28, 2008, effective March 28, 2008; amendments approved by Board of Governors on January 31, 2014.

6-17. STANDARDS FOR BOARD CERTIFICATION IN ADMIRALTY AND MARITIME LAW

RULE 6-17.1 GENERALLY

A lawyer who is a member in good standing of The Florida Bar and meets the standards prescribed below may be issued an appropriate certificate identifying the lawyer as “Board Certified in Admiralty and Maritime Law.” The purpose of the standards is to identify those lawyers who practice admiralty and maritime law and who have demonstrated special knowledge, skills and proficiency to be properly identified to the public as board certified in admiralty and maritime law.

Added July 20, 1995 (658 So.2d 930). Amended and effective October 16, 2015 by Board of Governors.

RULE 6-17.2 DEFINITIONS

(a) Admiralty Law. “Admiralty and Maritime Law” is that distinct and separate practice of law dealing with the corpus of rules, concepts, and legal practices governing vessels, the shipping industry, the carrying of goods and passengers by water as well as related maritime concepts. Admiralty and maritime law includes the substantive law and procedural rules associated with the general maritime law of the United States, admiralty jurisdiction and procedure, personal injury and wrongful death of seamen and passengers aboard vessels, compensation for injury and wrongful death of longshoremen and harbor workers, government regulation of marine safety and the maritime industry, carriage of goods, charter parties, salvage, general average, collision, marine insurance, maritime liens, limitation of liability, marine pollution and environmental law, maritime arbitration, recreational vessels, vessel finance and documentation, international aspects of maritime practice as well as other maritime topics which because of their special history, as well as for historical and practical reasons, have been recognized as distinctly different from our modern system of common law and have been traditionally grouped and practiced as “admiralty and maritime law.”

(b) Practice of Law. A minimum of 5 years in the practice of law including substantial involvement in the practice of admiralty and maritime law as set forth in rule 6-17.3(b). The term “practice of law” as used in these standards shall be as defined in rule 6-3.5(c)(1).

Added July 20, 1995 (658 So.2d 930). Amended Dec. 11, 1998, by the Board of Governors of The Florida Bar.

RULE 6-17.3 MINIMUM STANDARDS

(a) Minimum Period of Practice. The applicant shall have been engaged in the practice of law in the United States, or engaged in the practice of United States law while in a foreign country, and shall have been a member in good standing of the bar of any state of the United States or the District of Columbia for period of 5 years as of the date of application.

Notwithstanding the definition of “practice of law” in rule 6-3.5(c)(1), receipt of an LL.M degree in admiralty law, ocean law, maritime law or such other related fields approved by the board of legal specialization and education and admiralty law certification committee from an approved law school shall be deemed to constitute 1 year of the practice of law for purposes of the 5-year practice requirement but not the 5-year bar membership requirement.

(b) Substantial Involvement. The applicant must demonstrate substantial involvement in the practice of admiralty and maritime law during the 5 years immediately preceding the date of application, including devoting not less than 35 percent of such practice to admiralty and maritime law during each of the 3 years immediately preceding the date of application. Except for the 3 years immediately preceding the date of application, upon the applicant’s request and the recommendation of the admiralty and maritime law certification committee, the board of legal specialization and education may waive the requirement that the 5 years be “immediately preceding” the date of application if the board of legal specialization and education determines the waiver is warranted by special and compelling circumstances. Except for the 3 years immediately preceding the date of application, receipt of an LL.M degree in admiralty law, ocean law, maritime law (or such other degree containing substantial admiralty and maritime law content as approved by the board of legal specialization and education) from an approved law school may substitute for 1 year of substantial involvement. An applicant must furnish information concerning the frequency of work and the nature of issues involved. For the purposes of this section, the “practice of law” shall be as defined in rule 6-3.5(c)(1) except that it shall also include time devoted to lecturing and/or authoring books or articles on admiralty and maritime law if the applicant was engaged in the practice of law during such period. Demonstration of compliance with this requirement shall be made initially through a form of questionnaire approved by the admiralty law certification committee, but written or oral supplementation may be required.

(c) Peer Review. The applicant shall submit the names and addresses of 5 other attorneys who are familiar with the applicant’s practice, not including attorneys who currently practice in the applicant’s law firm, who can attest to the applicant’s special competence and substantial involvement in the field of admiralty and maritime law, as well as the applicant’s character, ethics, and reputation for professionalism. No less than 2 references shall be board certified in admiralty and maritime law or shall have, in the judgment of the committee, an established and recognized admiralty and maritime law practice. The board of legal specialization and education and admiralty law certification committee may authorize references from persons other than attorneys and may also make such additional inquiries as they deem appropriate to complete peer review, as provided elsewhere in these rules.

(d) Education. During the 3-year period immediately preceding the date of the application, the applicant must demonstrate completion of the continuing legal education requirements in

admiralty and maritime law as follows. The required number of hours shall be established by the board of legal specialization and education and shall in no event be less than 50 hours. Credit for attendance at continuing legal education seminars shall be given only for programs that are directly related to admiralty and maritime law. The education requirement may be satisfied by one or more of the following:

- (1) attendance at continuing legal education seminars meeting the requirements set forth above;
- (2) lecturing at, and/or serving on the steering committee of, such continuing legal education seminars;
- (3) authoring books or articles published in professional periodicals or other professional publications;
- (4) teaching courses in admiralty and maritime law and related subjects at an approved law school or other graduate level program presented by a recognized professional education association;
- (5) such other methods as may be approved by the board of legal specialization and education and the admiralty certification committee.

The board of legal specialization and education and the admiralty law certification committee shall, by rule or regulation, establish standards applicable to this rule, including, but not limited to, the method of establishment of the number of hours allocable to any of the above-listed subdivisions. Such rules or regulations shall provide that hours shall be allocable to each separate but substantially different lecture, article, or other activity described in subdivisions (2), (3), and (4) above.

(e) Examination. The applicant must pass an examination, applied uniformly to all applicants, that will be practical and comprehensive and designed to demonstrate special knowledge, skills, and proficiency in admiralty and maritime law topics including jurisdiction, procedure, personal injury and wrongful death, marine insurance and such other topics as may be selected by the admiralty certification committee. Such examination shall justify the representation of special competence in the field of admiralty law to the legal profession and the public.

Added July 20, 1995 (658 So.2d 930). Amended Dec. 11, 1998, by the Board of Governors of The Florida Bar.

RULE 6-17.4 RECERTIFICATION

Recertification shall be pursuant to the following standards:

(a) Substantial Involvement. A satisfactory showing, as determined by the board of legal specialization and education and the admiralty law certification committee, of continuous and substantial involvement in admiralty and maritime law throughout the period since the last date of certification. The demonstration of substantial involvement of at least 35 percent during each

year of certification or prior recertification shall be made in accordance with the standards set forth in rule 6-17.3(b).

(b) Education. Completion of at least 55 hours of approved continuing legal education since the filing of the last application for certification. This requirement shall be satisfied by the applicant's participation in approved continuing legal education pursuant to rule 6-17.3(d)(1) through (5).

(c) Peer Review. Submission of the names and addresses of 3 individuals who are active in admiralty and maritime law, including but not limited to lawyers and judges who are familiar with the applicant's practice, excluding persons who are currently employed in the applicant's law firm, who can attest to the applicant's special competence and substantial involvement in the field of admiralty and maritime law, as well as the applicant's character, ethics, and reputation for professionalism, during the period since the last date of certification. The board of legal specialization and education or the admiralty law certification committee may solicit references from persons other than those whose names are submitted by the applicant and may also make additional inquiries as deemed appropriate.

(d) Examination. If, after reviewing the material submitted by an applicant for recertification and the peer review, the admiralty law certification committee determines the applicant may not meet the standards for admiralty law certification established under this chapter, the applicant may be required, as a condition of recertification, to pass the admiralty and maritime examination given to new applicants.

Added July 20, 1995 (658 So.2d 930). Amended Dec. 11, 1998, by the Board of Governors of The Florida Bar.

6-18. STANDARDS FOR BOARD CERTIFICATION IN CITY, COUNTY AND LOCAL GOVERNMENT LAW

RULE 6-18.1 GENERALLY

A lawyer who is a member in good standing of The Florida Bar and meets the standards prescribed below may be issued an appropriate certificate identifying the lawyer as "Board Certified in City, County and Local Government Lawyer." The purpose of the standards is to identify those lawyers who practice city, county and local government law and have the special knowledge, skills, and proficiency to be properly identified to the public as board certified in city, county and local government law.

Added July 20, 1995 (658 So.2d 930). Amended Dec. 11, 1998, by the Board of Governors of The Florida Bar. Amended and effective October 16, 2015 by Board of Governors.

RULE 6-18.2 DEFINITIONS

(a) City, County and Local Government Law. "City, County and Local Government Law" is the practice of law dealing with legal issues of county, municipal or other local governments, such as, but not limited to, special districts, agencies and authorities, including litigation in the federal and state courts and before administrative agencies; the preparation of

laws, ordinances and regulations; and the preparation of legal instruments for or in behalf of city, county and local governments.

(b) Practice of Law. The “practice of law” for this area is defined as set out in rule 6-3.5(c)(1). Notwithstanding anything in the definition to the contrary, legal work done primarily for a purpose other than providing legal counsel or representation (including, but not limited to, work related to the administration of government or representing government as an elected official or as a state legislative lobbyist) shall not be treated as the practice of law.

Added July 20, 1995 (658 So.2d 930). Amended Dec. 11, 1998, by the Board of Governors of The Florida Bar.

RULE 6-18.3 MINIMUM STANDARDS

(a) Minimum Period of Practice. The applicant shall have been engaged in the practice of law in the United States, or engaged in the practice of United States law while in a foreign country, and shall have been a member in good standing of the bar of any state of the United States or the District of Columbia for a period of 5 years as of the date of filing an application. The years of law practice need not be consecutive.

Notwithstanding the definition of “practice of law” in rule 6-3.5(c)(1), receipt of an LL.M. degree in urban affairs (or such other related fields approved by the board of legal specialization and education and the city, county and local government certification committee) from an approved law school shall be deemed to constitute 1 year of the practice of law for purpose of the 5-year practice requirement (but not the 5-year bar membership requirement) under this subsection. However, an applicant may not receive credit for more than 1 year of practice for any 12-month period under this subsection; accordingly, for example, an applicant who, while being engaged in the practice of law, receives an LL.M. degree by attending night classes, would not receive credit for the practice of law requirement by virtue of having received the LL.M. degree.

(b) Substantial Involvement. The applicant must demonstrate substantial involvement in the practice of Florida city, county and local government law during each of the 3 years immediately preceding the date of application. Upon an applicant’s request and the recommendation of the city, county and local government certification committee, the board of legal specialization and education may waive the requirement that each of the 3 years be “immediately preceding” the date of application if the board of legal specialization and education determines the waiver is warranted by special and compelling circumstances. Substantial involvement means the applicant has devoted 40 percent or more of the applicant’s practice to matters in which issues of Florida city, county and local government law are significant factors and in which the applicant had substantial and direct participation in those issues. An applicant must furnish information concerning the frequency of the applicant’s work and the nature of the issues involved. For the purpose of this subsection the “practice of law” shall be as defined in rule 6-3.5(c)(1), except that it shall also include time devoted to lecturing and/or authoring books or articles on city, county and local government law if the applicant was otherwise engaged in the practice of law during such period. Demonstration of compliance with this requirement shall be made initially through a form of questionnaire approved by the city, county and local government certification committee but written or oral supplementation may be required.

(c) **Peer Review.** The applicant shall submit the names and addresses of 5 other attorneys who are familiar with the applicant's practice, not including attorneys who are currently employed by the same governmental entity as the applicant or who currently practice in the applicant's law firm, who can attest to the applicant's reputation for special competence and substantial involvement, as well as the applicant's character, ethics, and reputation for professionalism, in the field of city, county and local government law. Such lawyers themselves shall be substantially involved in Florida city, county and local government law. The board of legal specialization and education and the city, county and local government certification committee may authorize references from persons other than attorneys and may also make such additional inquiries as they deem appropriate to complete peer review, as provided elsewhere in these rules.

(d) **Education.** The applicant must demonstrate that during the 3-year period immediately preceding the date of application, the applicant has met the continuing legal education requirements in Florida city, county and local government law as follows: the required number of hours shall be established by the board of legal specialization and education and shall in no event be less than 60 hours. Credit for attendance at continuing legal education seminars shall be given only for programs that are directly related to Florida city, county and local government law. The education requirement may be satisfied by 1 or more of the following:

- (1) attendance at continuing legal education seminars meeting the requirements set forth above;
- (2) lecturing at, and/or serving on the steering committee of, such continuing legal education seminars;
- (3) authoring articles or books published in professional periodicals or other professional publications;
- (4) teaching courses in "city, county and local government law" at an approved law school or other graduate level program presented by a recognized professional education association;
- (5) such other methods as may be approved by the board of legal specialization and education and the city, county and local government certification committee.

The board of legal specialization and education or the city, county and local government certification committee shall, by rule or regulation, establish standards applicable to this rule, including, but not limited to, the method of establishment of the number of hours allocable to any of the above listed paragraphs. Such rules or regulations shall provide that hours shall be allocable to each separate but substantially different lecture, article, or other activity described in subsections (2), (3), and (4) above.

(e) **Examination.** The applicant must pass a written examination, applied uniformly to all applicants, designed to demonstrate sufficient knowledge, skills, and proficiency in the field of Florida city, county and local government law to justify the representation of special competence to the legal profession and the public.

Added July 20, 1995 (658 So.2d 930). Amended Dec. 11, 1998, by the Board of Governors of The Florida Bar.

RULE 6-18.4 RECERTIFICATION

Recertification shall be pursuant to the following standards:

(a) Substantial Involvement. A satisfactory showing, as determined by the board of legal specialization and education and the city, county and local government certification committee, of continuous and substantial involvement in the field of Florida city, county and local government law throughout the period since the last date of certification. The demonstration of substantial involvement shall be made in accordance with the standards set forth in rule 6-18.3(b), except that the board of legal specialization and education and the city, county and local government certification committee may accept an affidavit from the applicant attesting to the applicant's compliance with the substantial involvement requirement.

(b) Education. Completion of at least 60 hours of continuing legal education since the filing of the last application for certification (or recertification). The continuing legal education must logically be expected to enhance the proficiency of attorneys who are board certified city, county and local government lawyers. If the applicant has not attained 60 hours of continuing legal education, but has attained more than 30 hours during such period, successful passage of the written examination given by the board of legal specialization and education to new applicants shall satisfy the continuing legal education requirements.

(c) Peer Review. The applicant shall submit the names and addresses of 3 other attorneys who are familiar with the applicant's practice, not including attorneys who are currently employed by the same governmental entity as the applicant or who currently practice in the applicant's law firm, who can attest to the applicant's reputation for special competence and substantial involvement, as well as the applicant's character, ethics, and reputation for professionalism, in the field of city, county and local government law. Such lawyers themselves shall be substantially involved in Florida city, county and local government law. The board of legal specialization and education and the city, county and local government certification committee may authorize references from persons other than attorneys and may also make such additional inquiries as they deem appropriate to complete peer review, as provided elsewhere in these rules.

(d) Examination. If, after reviewing the material submitted by an applicant for recertification, the board of legal specialization and education and the city, county and local government certification committee determine that the applicant may not meet the standards in city, county and local government law established under this chapter, the board of legal specialization and education and the city, county and local government certification committee may require, as a condition of recertification, that the applicant pass the written examination given by the board of legal specialization and education to new applicants.

Added July 20, 1995 (658 So.2d 930). Amended Dec. 11, 1998, by the Board of Governors of The Florida Bar.

The primary federal antitrust laws are the Sherman Act, the Clayton Act, the Robinson-Patman Amendments to the Clayton Act, and the Federal Trade Commission Act. In addition, there are parallel state statutes. Generally, the practices that the antitrust laws are concerned with involve, but are not limited to: price fixes, limitations on production, division of markets, boycotts, attempts to monopolize and monopolization, tying of products, covenants to restrain trade, exclusive dealing contracts, price discrimination, and other exclusionary, predatory, or economically discriminatory activities.

(b) **Trade Regulation Law.** "Trade regulation law" covers the substantive area of law dealing with deceptive, unfair, or unconscionable acts or practices, and unfair methods of competition under the Federal Trade Commission Act and Florida's Deceptive and Unfair Trade Practices Act.

(c) **Practice of Law.** The "practice of law" for this area is defined as set forth in rule 6-3.5(c)(1).

(d) **Contested Matters.** "Contested matters" shall be defined as matters that were pending before an enforcement agency, a tribunal, or court that were adversarial and binding in which the applicant had a significant responsibility and personal involvement, and in which the applicant evaluated, handled, and resolved issues of fact and law in a dispute that involved antitrust or trade regulation law, either by reaching an adjudicated decision, or by achieving a settlement of a matter after it was the subject of substantial litigation or proceedings before an enforcement authority.

(e) Adjudicated Decision. An “adjudicated decision” on significant issues of antitrust or trade regulation law shall be defined as a decision resulting from a proceeding in which:

(1) a tribunal rendered a decision on a motion for temporary or preliminary injunction, or following an evidentiary hearing involving live testimony;

(2) a tribunal rendered a decision on a motion for summary judgment;

(3) a tribunal rendered a decision following briefing; or

(4) a tribunal or jury rendered a decision following a trial, or a court of appeals rendered a decision following an appeal. A single proceeding may generate multiple adjudicated decisions and an applicant shall receive credit for each such adjudicated decision as a separate contested matter; however, for purposes of certification, the number of adjudicated decisions from any single case within a 3-year period shall be limited to 2, absent extraordinary circumstances.

Added and amended March 23, 2000 (763 So.2d 1002); amended December 5, 2003.

RULE 6-22.3 MINIMUM STANDARDS

(a) Substantial Involvement and Competence. To become certified as an antitrust and trade regulation lawyer, an applicant must demonstrate continuous and substantial involvement and competence in substantive antitrust principles and deceptive, unfair, or unconscionable acts or practices in multiple areas of commerce. Substantial involvement and competence shall be demonstrated by:

(1) *Minimum Period of Practice.* The applicant must have actually practiced law for 5 years immediately preceding the filing of the application for certification, during which the applicant was involved in at least 8 matters that substantially involved antitrust or trade regulation law.

(2) *Minimum Number of Matters.* The applicant must have handled a minimum of 8 contested matters that involved representation of a client beyond counseling during the 10 years immediately preceding application. All such matters must have substantially involved legal and factual issues, and at least 50 percent of the matters must have involved federal antitrust law or state or federal trade regulation law. In each of these 8 matters, the applicant shall have had senior level responsibility for all or a majority of the counseling, advice, and supervision, of or involvement in: presentation of evidence, argument to the tribunal, and representation of the client. For satisfaction in whole or in part of the requirement of 8 contested matters, the antitrust and trade regulation certification committee shall consider involvement in protracted matters as separate matters on the following basis: every documented 300 hours of work on antitrust or trade regulation issues in a case shall be considered to be the equivalent of an additional matter for purposes of meeting the threshold of a minimum of 8 contested matters during the 10 years immediately preceding application. For good cause shown, for satisfaction in whole or in part of the requirement of 8 matters in which the applicant had senior level responsibility, the antitrust and trade regulation

certification committee shall consider the following: (a) verified substantial involvement in matters involving antitrust law or trade regulation law at a government agency, and (b) in lieu of 2 contested matters, an applicant may submit a certificate of satisfactory completion of a nationally recognized trial advocacy course of at least a week's duration, in which the applicant's performance was, in whole or in part, recorded visually and critiqued by experienced trial lawyers.

(3) *Substantial Involvement.* The applicant shall have substantial involvement in matters involving federal antitrust, state or federal trade regulation law sufficient to demonstrate special competence as an antitrust and trade regulation lawyer. Substantial involvement may be evidenced by active participation in client interviewing, counseling, evaluating, investigating, preparing pleadings, motions, and memoranda, participating in discovery, taking testimony, briefing issues, presenting evidence, negotiating settlement, drafting and preparing settlement agreements, and/or arguing, trying, or appealing cases involving antitrust law or trade regulation law.

(b) Peer Review. The applicant shall select and submit names and addresses of at least 5 lawyers or judges, who are neither relatives nor present or former associates or partners, as references to attest to the applicant's substantial involvement in antitrust and trade regulation law, as well as the applicant's character, ethics, and reputation for professionalism. Such lawyers should be substantially involved in antitrust and trade regulation law and familiar with the applicant's practice. In addition, the antitrust and trade regulation certification committee may, at its option, send reference forms to other attorneys, judges, or officers and make such other investigation and verification as necessary.

(c) Education. The applicant shall demonstrate completion of at least 50 hours of approved continuing legal education in the field of antitrust and trade regulation law within the 3 years preceding the date of application. Accreditation of educational hours is subject to policies established by the antitrust and trade regulation certification committee or the board of legal specialization and education.

(d) Examination. The applicant must pass an examination applied uniformly to all applicants to demonstrate sufficient knowledge, skills, and proficiency in antitrust and trade regulation law to justify representation of special competence to the legal profession and to the public. The award of an LL.M. degree from an approved law school in the area of antitrust or trade regulation law, within 8 years of application, may substitute as the written examination required by this subdivision. Any lawyer who is certified by The Florida Bar in business litigation or civil trial law, and who meets the minimum standards of subdivisions (a)-(c) of this rule, shall be exempted from the portion (if any) of the examination requirement of this subdivision that deals with the litigation process as distinguished from substantive law.

(e) Exemption. An applicant who has been substantially involved in antitrust and trade regulation law for a minimum of 20 years, in accordance with the standards set forth in rules 6-3.5(d) and subdivision (a)(3) of this rule, shall be exempt from the examination. This exemption only shall be applicable to those applicants who apply within 4 years of the effective date of the approval of this exemption and meet all other requirements for certification.

Added and amended March 23, 2000 (763 So.2d 1002); amended December 5, 2003; amended February 17, 2006.

RULE 6-22.4 RECERTIFICATION

During the 5-year period immediately preceding application, an applicant must satisfy the following requirements for recertification:

(a) Substantial Involvement. The applicant must show continuous and substantial involvement in the field of antitrust and trade regulation law. The demonstration of substantial involvement shall be made by showing that antitrust and trade regulation law comprises at least 30 percent of the applicant's practice, and that the applicant actively participated in client interviewing, counseling, evaluating, investigating, preparing pleadings, motions, and memoranda, participating in discovery, taking testimony, briefing issues, presenting evidence, negotiating settlement, drafting and preparing settlement agreements, and/or arguing, trying, or appealing cases involving antitrust or trade regulation law.

(b) Minimum Number of Matters. The applicant must have handled a minimum of 4 contested antitrust or trade regulation matters. All contested matters must have involved substantial legal or factual issues in the law of antitrust or trade regulation as determined by the certification committee. On good cause shown, for satisfaction in part of the 4 antitrust or trade regulation matters, the antitrust and trade regulation certification committee may consider involvement in protracted matters on the same basis as set forth in rule 6-22.3(a)(2).

(c) Peer Review. An applicant for recertification must submit the names and addresses of at least 3 lawyers and 1 federal or state judge or administrative law judge before whom the applicant has appeared as an advocate within the period since the last certification or recertification. Individuals used as references shall be sufficiently familiar with the applicant to attest to the applicant's special competence and substantial involvement in antitrust and trade regulation law, as well as the applicant's character, ethics, and reputation for professionalism. Lawyers who practiced law with the applicant during the recertification period and relatives may not be used as references. The antitrust and trade regulation certification committee may, at its option, send or authorize references to other attorneys, federal or state judges, or administrative law judges.

(d) Education. The applicant must demonstrate completion of at least 50 credit hours of approved continuing legal education for antitrust and trade regulation certification, in accordance with the standards set forth in rule 6-22.3(c).

(e) Waiver of Compliance. The antitrust and trade regulation certification committee may waive compliance with subdivisions (a)-(b) of this rule for:

- (1) an applicant who has been continuously certified as an antitrust and trade regulation lawyer for a period of 14 years or more; or
- (2) an applicant who, since the last certification or recertification, has become an officer of any judicial system (as defined in the Code of Judicial Conduct), including an

officer such as a magistrate judge or administrative law judge, or who is a member of the Federal Trade Commission (or a member of its staff), or an assistant attorney general in the Antitrust Division of the Department of Justice (or a member of his or her staff), or an assistant attorney general in the Antitrust Division of a state attorney general's office on a full-time basis during the portion of the period since the last date of certification or recertification; or

- (3) good cause shown.

Added and amended March 23, 200 (763 So.2df 1002); amended by BoG August 26, 2005.

6-23. STANDARDS FOR BOARD CERTIFICATION IN LABOR AND EMPLOYMENT LAW RULE 6-23.1 GENERALLY

A lawyer who is a member in good standing of The Florida Bar and meets the standards prescribed below may be issued an appropriate certificate identifying the lawyer as "Board Certified in Labor and Employment Law." The purpose of the standards is to identify those lawyers who practice labor and employment law and who have demonstrated special knowledge, skills, and proficiency to be properly identified to the public as board certified in labor and employment law.

Added and amended effective March 23, 2000 (763 So.2d 1002). Amended and effective October 16, 2015 by Board of Governors.

RULE 6-23.2 DEFINITIONS

(a) Labor and Employment Law. The practice of labor and employment law encompasses advice and representation concerning the application and interpretation of public and private sector labor and employment law principles, as well as employment discrimination and employment-related civil rights law. The diversity of this practice area is demonstrated by the experience requirements set forth in subdivision (c) of this rule; however, competent practice in labor and employment law requires a thorough knowledge of all legal aspects of the employment relationship, both in the private and public sector. This knowledge is particularly necessary to fulfill the counseling obligations of lawyers toward their clients. This practice area encompasses both public and private sector collective bargaining and the state and federal laws that apply to the employment relationship including, but not limited to:

- (1) the National Labor Relations Act;
- (2) the Fair Labor Standards Act;
- (3) Florida's public sector collective bargaining laws and career service appeals;
- (4) the Employment Retirement Income Security Act;
- (5) the Family Medical Leave Act;

- (6) Title VII of the 1964 Civil Rights Act and Florida's Civil Rights Act;
- (7) the Americans With Disabilities Act;
- (8) the Occupational Safety and Health Act;
- (9) the Age Discrimination in Employment Act; and
- (10) the regulations promulgated under the above.

(b) Practice of Law. The "practice of law" for this area is defined in rule 6-3.5(c)(1).

(c) Primary Lawyer. "Primary Lawyer" includes acting as a lead lawyer during proceedings such as the taking of depositions as well as primary responsibility either as lead lawyer or lead lawyer for discrete portions of a trial or proceeding.

Added and amended effective March 23, 2000 (763 So.2d 1002); amended and effective January 26, 2018 by the Board of Governors.

RULE 6-23.3 MINIMUM STANDARDS

(a) Minimum Period of Practice. The applicant must have at least 5 years of actual law practice of which at least 50 percent has been spent in active participation in labor and employment law. At least 5 years of this practice must immediately precede the application for certification. An LL.M. in the field of labor and employment law may substitute for 1 of the 5 years of law practice required.

(b) Substantial Involvement. Substantial involvement means the applicant has devoted 50 percent or more of the applicant's practice to matters in which issues of labor and employment law are significant factors and in which the applicant had substantial and direct participation in those labor and employment law issues. An applicant must furnish information concerning the frequency of the applicant's work and the nature of the issues involved. Demonstration of this requirement is made initially through a form questionnaire approved by the labor and employment law certification committee, but written or oral supplementation may be required.

(c) Experience. The applicant must have a total of 30 days acting as the primary lawyer, judge, hearing officer, arbitrator, or mediator in litigation or administrative proceedings concerning labor and employment law issues within the 5 years immediately preceding the filing of the application for certification. Proceedings include, but are not limited to trials; evidentiary hearings; arbitrations; collective bargaining; conciliation conferences with the Equal Employment Opportunity Commission or state deferral agency; on-site inspections by the Equal Employment Opportunity Commission, Department of Labor, Occupational Safety and Health Administration, or Office of Federal Contract Compliance Programs; Fair Labor Standards Act audits conducted by the Department of Labor; and unemployment compensation appeal hearings, mediations, court hearings, taking depositions, and oral arguments. Any proceeding lasting fewer than 8 hours, but at least 4 hours, shall be credited a full day. Any proceeding lasting fewer than 4 hours, but at least 1 hour, will be credited a half day. Conducting an oral argument

at a state or federal appellate court automatically entitles the applicant to 1 full day of credit, regardless of the amount of time that is allotted to the oral argument by the court. An applicant may also seek credit from the certification committee for activities not set forth above that involve labor and employment issues that are of sufficient complexity and otherwise demonstrate the applicant's labor and employment law experience. Experience credit to be awarded for any of these additional activities is at the sole discretion of the certification committee.

The following are not accepted as part of the 30-day experience requirement: attendance at scheduling and status conferences, defending depositions, preparation of pleadings, preparation of written discovery, and preparation of motions, memoranda, briefs, and position statements.

(d) Peer Review. The applicant must submit the names and addresses of 6 lawyers who are familiar with the applicant's practice, excluding lawyers who currently practice in the applicant's law firm, who can attest to the applicant's special competence and substantial involvement in the field of labor and employment law, as well as the applicant's character, ethics, and reputation for professionalism. The labor and employment law certification committee must seek at least 3 additional secondary references. At least 1 of the 6 references must be from a judge, arbitrator, mediator, or administrator before whom the applicant has appeared or practiced (or in the case of a mediator or arbitrator seeking certification, references may be from lawyers who have appeared before the applicant) within the 2 years immediately preceding the application.

(e) Education. The applicant must complete 60 credit hours of approved continuing legal education in labor and employment law during the 3-year period immediately preceding the application date. Accreditation of educational hours is subject to policies established by the labor and employment law certification committee or the board of legal specialization and education.

(f) Examination. The applicant must pass an examination applied uniformly to all applicants, to demonstrate sufficient knowledge, proficiency, and experience in labor and employment law to justify the representation of special competence to the legal profession and the public. The examination will be comprehensive in scope and each applicant will be required to demonstrate at least some knowledge in each specific subject tested.

Added and amended effective March 23, 2000 (763 So.2d 1002); amended August 26, 2005; amended and effective January 26, 2018 by the Board of Governors.

RULE 6-23.4 RECERTIFICATION

Recertification is pursuant to the following standards:

(a) Substantial Involvement. The applicant must demonstrate continuous and substantial involvement in labor and employment law throughout the period since filing the last application for certification. Substantial involvement means the applicant has devoted 50 percent or more of the applicant's practice to matters in which issues of labor and employment law are significant factors and in which the applicant had substantial and direct participation in those labor and employment law issues. An applicant must furnish information concerning the frequency of the applicant's work and the nature of the issues involved. Demonstration of this requirement is

made initially through a form questionnaire approved by the labor and employment law certification committee, but written or oral supplementation may be required.

(b) Experience. The applicant must have 25 days of involvement acting as the primary lawyer, judge, hearing officer, arbitrator, or mediator in litigation or administrative proceedings concerning labor and employment law issues within the 5 years immediately preceding the filing of the application for recertification. Proceedings include, but are not limited to trials; evidentiary hearings; arbitrations; collective bargaining; conciliation conferences with the Equal Employment Opportunity Commission or state deferral agency; on-site inspections by the Equal Employment Opportunity Commission, the Department of Labor, Occupational Safety and Health Administration, or Office of Federal Contract Compliance Programs; Fair Labor Standards Act audits conducted by the Department of Labor; and unemployment compensation appeal hearings, mediations, court hearings, taking depositions, and oral arguments. Any proceeding lasting fewer than 8 hours, but at least 4 hours, will be credited as a full day. Any proceeding lasting fewer than 4 hours, but at least 1 hour, will be credited as a half day. Conducting an oral argument at a state or federal appellate court automatically entitles the applicant to 1 full day of credit, regardless of the amount of time that is allotted to the oral argument by the court. An applicant may also seek credit from the certification committee for activities not set forth above that involve labor and employment issues that are of sufficient complexity and otherwise demonstrate the applicant's labor and employment law experience. Experience credit to be awarded for any of these additional activities will be the sole discretion of the certification committee.

Direct supervision of lawyers engaged in contested matters, as defined above, may be considered in determining compliance with this requirement.

The following activities are not accepted as part of the 25-day experience requirement: attendance at scheduling and status conferences, defending depositions, preparation of pleadings, preparation of written discovery, and preparation of motions, memoranda, briefs, and position statements.

(c) Education. The applicant must complete no less than 75 hours of continuing legal education in the area of labor and employment law since filing the last application for certification. Credit for attendance at continuing legal education seminars will be given only for programs that are directly related to labor and employment law. The board of legal specialization and education or the labor and employment law certification committee will establish policies applicable to this rule.

If the applicant has not attained 75 hours, successful passage of the examination given to new applicants for certification will satisfy this requirement.

(d) Peer Review. The applicant must submit the names and addresses of at least 3 lawyers and at least 1 judge, arbitrator, mediator, or administrator before whom the lawyer has appeared or practiced since the last application for certification. The references may not include lawyers who currently practice in the applicant's law firm. Each reference must attest to the applicant's reputation for special competence and substantial involvement in the field of labor and employment law, as well as the applicant's character, ethics, and reputation for professionalism.

(e) **Waiver of Compliance.** For an applicant who has been continuously certified as a labor and employment lawyer for a period of 14 years or more, the labor and employment law certification committee may waive compliance with either the experience or substantial involvement criterion for recertification, for good cause shown and provided the applicant has complied with all other requirements for recertification.

Added and amended effective March 23, 2000 (763 So.2d 1002); amended August 26, 2005; amended and effective January 26, 2018 by Board of Governors.

**6-25. STANDARDS FOR BOARD CERTIFICATION IN STATE AND FEDERAL
GOVERNMENT AND ADMINISTRATIVE PRACTICE
6-25.1 GENERALLY**

A lawyer who is a member in good standing of The Florida Bar and meets the standards prescribed below may be issued an appropriate certificate identifying the lawyer as “Board Certified in State and Federal Government and Administrative Practice.” The purpose of the standards is to identify those lawyers who practice law before or on behalf of state and federal government entities and have the special knowledge, skills, and proficiency, as well as the character, ethics, and reputation for professionalism to be properly identified to the public as board certified in state and federal government and administrative practice.

Added July 6, 2006, effective August 1, 2006, (SC06 1269), (933 So.2d 1123). Amended and effective October 16, 2015 by Board of Governors.

6-25.2 DEFINITIONS

(a) State and Federal Government and Administrative Practice. “State and federal government and administrative practice” is the practice of law on behalf of public or private clients on matters including but not limited to rulemaking or adjudication associated with state or federal government entity actions such as contracts, licenses, orders, permits, policies, or rules. State and federal government and administrative practice also includes appearing before or presiding as an administrative law judge, arbitrator, hearing officer, or member of an administrative tribunal or panel over a dispute involving an administrative or government action.

(b) Government Entity. “Government entity” means any state agency, political subdivision, special district, or instrumentality of the state of Florida, and any federal agency, bureau, corporation, instrumentality or other government body of the United States, including the United States armed forces. This definition should be broadly construed.

(c) Lead Advocate. “Lead advocate” means serving as the primary attorney, whether as a team leader or alone, working on behalf of either a private party or a government entity. Service as a supervisor and signatory of legal documents, but without substantial participation in the preparation of those documents, does not constitute service as a lead advocate. Service in the role of lead advocate also includes presiding as an administrative law judge, arbitrator, hearing officer, or member of an administrative tribunal or panel over a dispute involving an administrative or government action.

(d) Practice of Law. The “practice of law” is defined as set forth in rule 6 3.5(c)(1).

(e) State and Federal Government and Administrative Practice Certification Committee. The state and federal government and administrative practice certification committee shall include at least 2 attorneys employed by government entities in Florida, at least 1 attorney employed by a federal government entity, and at least 3 attorneys in private practice. While all committee members should have experience in rulemaking and adjudication, the committee should also include at least 2 attorneys whose state and federal government and administrative practice is primarily non-litigation.

6-25.3 MINIMUM STANDARDS

(a) **Minimum Period of Practice.** The applicant must have been engaged in a state or federal government and administrative practice for at least 5 years preceding the date of application. The years of law practice need not be consecutive.

(b) **Practice Requirements.** The practice requirements shall be as follows:

(1) *Substantial Involvement.* The applicant must demonstrate substantial involvement in a state and federal government and administrative practice during 3 of the last 5 years immediately preceding application. Any applicant who meets the practical experience requirements in subdivisions 6 25.3(b)(2)(A)-(I) below is presumed to meet this requirement.

(2) *Practical Experience.* The applicant must demonstrate broad substantial practical experience in state or federal government and administrative practice by providing examples of service as the lead advocate on behalf of a private client or a government entity or instrumentality. Using the point values and limitations assigned below, the applicant's experience examples from the following actions must total at least 100 points and have been performed within 20 years preceding the filing of the application:

(A) administrative hearings, involving disputed issues of material fact [Section 120.57(1), Florida Statutes] and adjudicated through final order pursuant to the Florida Administrative Procedure Act, Chapter 120, Florida Statutes (5 points each);

(B) fully-adjudicated administrative actions or rulemaking proceedings pursuant to the Federal Administrative Procedure Act, 5 U.S.C. §§ 551-559, and other federal APA proceedings, including record review proceedings, pursuant to 5 U.S.C. §§ 701-706 (5 points each);

(C) any other fully-adjudicated state or federal administrative or civil proceeding before an administrative forum, hearing officer, magistrate, arbitrator, state or federal district, circuit or supreme court, or other forum, in which the applicant represents a party in a lawsuit brought by or against a government entity. Applicants are encouraged to identify cases involving state or federal constitutional or statutory matters, state or federal regulations, ethics, open government, public records, or sovereign immunity. Experience working on matters exclusively involving city, county, and local government law (such as code enforcement, municipal financing and licensing, local referenda, ordinances, and zoning) does not constitute practical experience for purposes of obtaining state and federal government and administrative practice certification (5 points each);

(D) rulemaking proceedings through rule adoption pursuant to the Florida Administrative Procedure Act, Chapter 120, Florida Statutes (3 points each);

(E) state or federal government or administrative actions as follows:

1. involvement in actions that are considered, pursuant to the Florida Administrative Procedure Act or the Federal Administrative Procedure Act, to provide a point of entry or otherwise create an opportunity for a person to seek to adjudicate legal rights in state or federal courts, or in an administrative forum. Examples may include, but are not limited to, policies, orders, emergency orders, permits, licenses, contracts, or other agency decisions, or intended decisions of state and federal government entities. Examples may not include documents requiring merely clerical completion (2 points each);

2. involvement as lead advocate in an administrative proceeding of the type identified herein, in which a written settlement agreement was negotiated and upon which the proceeding was terminated (2 points each);

3. involvement as lead advocate in an administrative proceeding of the type identified herein, in which a proposed administrative or government action or the challenge to the action was formally withdrawn (2 points each);

(F) other actions on behalf of state or federal government agencies, including military adjudicatory or rulemaking proceedings, that are the substantial equivalent of the practical experience categories identified herein, as determined at the sole discretion of the state and federal government and administrative practice certification committee after review of the application (1 to 4 points each);

(G) an advisory opinion issued by the Florida Commission on Ethics, Florida or United States Attorney General, or Supreme Court of Florida (1 point each);

(H) experience as legislative staff on a bill passed by the Florida Legislature and enacted into law within Chapters 119 (Public Records), 120 (Administrative Procedure Act), 286 (Open Meetings), or 287 (Procurement), Florida Statutes, or as staff for the Florida Legislature's Joint Administrative Procedures Committee on completed rulemaking initiatives (1 point each); or

(I) experience as judicial staff, or staff to an administrative law judge, arbitrator, hearing officer, or other administrative panel on fully-adjudicated cases consistent with this rule (1 point each).

The applicant may have a maximum of 40 points from examples within (F) through (I). If the applicant has no points within (A), (B), or (C), the applicant must have points from a minimum of 2 different categories within (D) through (I). The state and federal government and administrative practice certification committee may increase the number of points granted for activities of the type identified in subdivisions (b)(2)(A), (B), or (C), above, for good cause shown, such as an applicant's involvement as lead advocate in an administrative hearing that lasted more than 6 days.

(c) Peer Review. The applicant shall submit the names and addresses of 5 individuals, at least 4 of whom are attorneys and 1 of whom is a federal, state, or administrative law judge

before whom the applicant has appeared within the 5 years immediately preceding application. Individuals who currently practice in the applicant's law firm or government entity may not be used as references. In lieu of a judicial reference, the applicant may provide the name and address of the head of a government entity (or a member of a collegial board that serves as the head of a government entity) if the applicant has advised or appeared before the person within the 5 years immediately preceding application. Administrative law judges or hearing officers applying for certification may offer the reference of an attorney who has appeared before them more than once, or, if appropriate, the reference of the chief administrative law judge or hearing officer. In all cases, at least 2 of the attorney references must be members of The Florida Bar. Individuals serving as references shall be sufficiently familiar with the applicant to attest to the applicant's special competence and substantial involvement in the field of state and federal government and administrative practice, as well as the applicant's character, ethics, and reputation for professionalism in the practice of law. The board of legal specialization and education and the state and federal government and administrative practice certification committee may authorize references from persons other than attorneys and may also make such additional inquiries as they deem appropriate to determine the applicant's qualifications for certification pursuant to this rule and rule 6-3.5(c)(6).

(d) Education. The applicant must demonstrate that during the 3-year period immediately preceding the date of application, the applicant has met the continuing legal education requirements in state and federal government and administrative practice. The required number of hours shall be established by the board of legal specialization and education and shall in no event be less than 50 hours for the 3 years immediately preceding the application for certification. Credit for attendance or speaking appearances at continuing legal education seminars shall be given only for programs that are directly related to state and federal government and administrative practice. In addition, the state and federal government and administrative practice certification committee may conclude that the education requirement is satisfied, in part, by 1 or more of the following:

- (1) lecturing at continuing legal education seminars;
- (2) authoring or editing articles or books published in professional periodicals or other professional publications;
- (3) teaching courses directly related to state and federal government and administrative practice at an approved law school or other graduate level program presented by a recognized professional education association;
- (4) completing such home study programs as may be approved by the board of legal specialization and education or the state and federal government and administrative practice certification committee, subject to the limitation that no more than 50 percent of the required number of hours of education may be satisfied through home study programs; or
- (5) such other methods as may be approved by the board of legal specialization and education and the state and federal government and administrative practice certification committee.

The board of legal specialization and education or the state and federal government and administrative practice certification committee shall establish policies applicable to this rule including but not limited to the method of establishment of the number of hours allocable to any of the above-listed subdivisions. Such policies shall provide the hours that shall be allocable to each separate but substantially different lecture, article, or other activity described in subdivisions (1), (2), (3), and (4) above.

(e) Examination. The applicant must pass an examination applied uniformly to all applicants to demonstrate sufficient knowledge, proficiency, and experience in state and federal government and administrative practice to justify the representation of special competence to the legal profession and the public.

(f) Exemption. An applicant who has been substantially involved in state and federal government and administrative practice for a minimum of 20 years and who otherwise fulfills the standards set forth in rules 6-3.5(d) and 6-25.3(a)-(d), shall be exempt from the examination. This exemption is only applicable to those applicants who apply within the first 2 application filing periods from the effective date of these standards and who meet all other requirements for certification.

Added July 6, 2006, effective August 1, 2006, (SC06 1269), (933 So.2d 1123).

6-25.4 RECERTIFICATION

Recertification shall be pursuant to the following standards:

(a) Substantial Involvement. A satisfactory showing, as determined by the board of legal specialization and education and the state and federal government and administrative practice certification committee, of continuous and substantial involvement in state and federal government and administrative practice throughout the period since the last date of certification or recertification. Any applicant who meets the practical experience and education requirements in paragraphs (b) and (c) below is presumed to meet this requirement.

(b) Practical Experience Requirement. An applicant seeking recertification must demonstrate involvement as the lead advocate on behalf of a private client or a government entity in state and federal government and administrative practice since certification or the last recertification, totaling at least 10 points as described in rule 6-25.3(b)(2)(A)-(I). For good cause shown, subject to approval by the board of legal specialization and education and the state and federal government and administrative practice certification committee, the 10-point requirement above may be waived for applicants who possess other extraordinary legal experience related to state and federal government and administrative practice. Examples of extraordinary experience may include: service as an administrative law judge; agency general counsel or other senior government attorney with supervisory responsibilities; representation of or membership on a committee working on substantial matters of state and federal government and administrative practice; and other appropriate legal experience described by the applicant.

(c) Education. The applicant must demonstrate completion of at least 90 hours of continuing legal education since the last application for certification or recertification. The

continuing legal education hours must logically be expected to enhance the proficiency of attorneys who are board certified in state and federal government and administrative practice. If the applicant has not attained 90 hours of continuing legal education but has attained more than 60 hours during such period, successful passage of the examination given to new applicants shall satisfy the continuing legal education requirements. However, an applicant seeking recertification may also reduce the educational requirements in this subsection to 60 hours by demonstrating involvement as the lead advocate on behalf of a private client or a government entity in state and federal government and administrative practice since certification or the last recertification, totaling at least 25 points as described in rule 6-25.3(b)(2)(A)-(I).

(d) Peer Review. The applicant shall submit the names and addresses of 3 individuals, at least 2 of whom are attorneys and 1 of whom is a federal, state, or administrative law judge before whom the applicant has appeared within the past 5 years preceding the application. Individuals who currently practice in the applicant's law firm or government entity may not be used as references. In lieu of a judicial reference, the applicant may provide the name and address of the head of a government entity (or a member of a collegial board that serves as the head of a government entity) if the applicant has advised or appeared before the person within the 5 years preceding the application. At least 1 attorney reference must be a member of The Florida Bar. Individuals serving as references shall be sufficiently familiar with the applicant to attest to the applicant's special competence and substantial involvement in the field of state and federal government and administrative practice, as well as the applicant's character, ethics, and reputation for professionalism in the practice of law. The board of legal specialization and education and the state and federal government and administrative practice certification committee may authorize references from persons other than attorneys and may also make such additional inquiries as they deem appropriate to determine the applicant's qualifications for certification pursuant to this rule and rule 6-3.5(c)(6).

(e) Waiver of Compliance. Any applicant for recertification who at the time of application is serving and has served full time for 3 or more years as an administrative law judge, arbitrator, hearing officer, or member of an administrative tribunal or panel is deemed to meet the recertification criteria.

Added July 6, 2006, effective August 1, 2006, (SC06 1269), (933 So.2d 1123).

6-25.5 MANNER OF LISTING AREA OF CERTIFICATION

A member having received a certificate in state and federal government and administrative practice may list the area in the manner set forth under rule 6-3.9(a) or the listing may be abridged to indicate that the member is board certified in (1) state and federal government practice; or, (2) state and federal administrative practice. A member who is certified pursuant to rule 6-25.3(f) and elects to have his or her listing limited to certification in state and federal administrative practice shall have been certified with a minimum of 25 total points from examples in rule 6-25.3(b)(2)(A), (B), and (D).

Added July 6, 2006, effective August 1, 2006, (SC06 1269), (933 So.2d 1123).

6-26. STANDARDS FOR BOARD CERTIFICATION IN INTELLECTUAL PROPERTY LAW

6-26.1 GENERALLY

A lawyer who is a member in good standing of The Florida Bar and meets the standards prescribed below may be issued an appropriate certificate identifying the lawyer as “Board Certified in Intellectual Property Law.” The purpose of the standards is to identify those lawyers who practice intellectual property law and have the special knowledge, skills, and proficiency, as well as the character, ethics, and reputation for professionalism, to be properly identified to the public as board certified in intellectual property law.

Added July 6, 2006, effective August 1, 2006, (SC06 1269), (933 So.2d 1123). Amended and effective October 16, 2015 by Board of Governors.

6-26.2 DEFINITIONS

(a) Patent Application Prosecution. “Patent application prosecution” covers the practice of law dealing with patent rights, and covers all aspects of the U. S. Patent Statutes, 35 U.S.C. §§ 1-376, as amended; the Rules of Practice in Patent Cases, 37 C.F.R. §§ 1.1 – 1.997, as amended; the American Inventors Protection Act of 1999, United States Patent and Trademark Office (USPTO) rules of practice, the Manual of Patent Examining Procedure (MPEP), the Patent Cooperation Treaty (as modified by any later court decisions or Official Gazette notices); the Assignment, Recording and Rights of Assignee, 37 C.F.R. §§ 3.1 – 3.85, as amended; the Secrecy of Certain Inventions and Licenses to Export and File Application in Foreign Countries, 37 C.F.R. §§ 5.1 – 5.33, as amended; the Register of Government Interests in Patents, 37 C.F.R. § 3.58, as amended; and Representations of Others before the USPTO, 37 C.F.R. §§ 10.1 – 10.170, as amended, as well as representing clients in proceedings before the USPTO.

(1) A “patent” is a governmental grant derived from the United States Constitution to encourage innovation and a form of protected personal property under federal statute set forth in title 35 of the United States Code that guarantees the holder of a U.S. patent a right to exclude others from making, using, offering to sell, selling, or importing an invention for a statutory period of years.

(2) “Patent matters” consist of the areas of knowledge required of attorneys registered to practice before the USPTO, including: rules, practice, and procedure; understanding how to draft claims and the ability to properly draft claims; knowledge about preparation and prosecution of patent applications based on education in and practical experience in engineering or science; understanding the application of patent laws to that endeavor; preparation of patentability opinions; filing and prosecuting patent applications, interferences, and re-issuances; preparing opinions concerning the validity and/or infringement of patents; prosecuting patent applications at the USPTO and in foreign jurisdictions; and the re-examination of patents.

(b) Patent Infringement Litigation. “Patent infringement litigation” covers the practice of law (including substantive law, evidence, and procedure) dealing with the litigation of patents in federal district courts and appeals to the federal circuit of the United States of America, and

includes: Service of Process, 37 C.F.R. §§ 15.1 – 15.3; and Testimony of Employees and the Production of Documents in Legal Proceedings, 37 C.F.R. §§ 15.11 – 15.18. Infringement of a patent is a tort giving rise to a federal cause of action for a form of trespass. The grant of a patent by the USPTO carries with it the presumption of validity, including compliance with federal statutes. Invalidity is a defense to a claim for patent infringement and may be based on a number of factors, including: anticipation; obviousness; derivation; failure to disclose “best mode”; estoppel and laches; ineligible subject matter; lack of utility or operability; lack of enabling disclosure; claim indefiniteness; double patenting; inequitable conduct; violation of antitrust law; and non-infringement.

(1) “Contested matters” shall be defined as hearings before a tribunal or court that are adversarial, evidentiary, and binding in which the applicant has had a senior-level responsibility, and in which the applicant evaluated, handled, and resolved issues of fact and law in a dispute that involved a patent, either by reaching an adjudicated decision or by achieving a settlement before final adjudication or appeal.

(2) An “adjudicated decision” shall mean a decision resulting from a proceeding in which: a tribunal rendered a decision on a motion for preliminary injunction following an evidentiary hearing involving live testimony; a tribunal rendered a decision on a motion for summary judgment; a tribunal rendered a decision on significant issues of patent law following briefing (e.g., a Markman hearing, a Daubert hearing, etc.); or a tribunal or jury rendered a decision following a trial, or the federal circuit court of appeals rendered a decision following an appeal. A single proceeding may generate multiple adjudicated decisions and an applicant shall receive credit for each such qualifying adjudicated decision as a separate contested matter; however, for purposes of certification, the number of adjudicated decisions from any single case shall be limited to 2.

(c) Trademark Law. “Trademark law” covers the practice of law dealing with all aspects of the Trademark Act of 1946 (the “Lanham Act”), as amended, 15 U.S.C. §§ 1051-1127, Trademark Counterfeiting Act of 1984, as amended, 18 U.S.C. § 2320, Tariff Act of 1930, as amended, 19 U.S.C. §§ 1337 and 1526, Chapter 495 of the Florida Statutes, as amended (the “Florida Trademark Law”), and common law principles, including: advising clients as to ownership, registration, transfer, validity, dilution, enforceability, and infringement of trademarks in the state of Florida, the United States and internationally; representing clients in proceedings before the USPTO and the Florida Department of State; and representing clients in proceedings in federal or state courts, or in arbitration, relating to the ownership, registration, licensing, transfer, validity, dilution, enforcement, and infringement of trademarks.

(1) A “trademark” is defined to include trademarks, service marks, certification marks, and collective marks. Each of these forms of marks shall have the meaning given in the Florida Trademark Law, Fla. Stat. § 495.011(1)-(4). A “trademark” is further defined to include trade dress as that term is used in the Restatement Third, Unfair Competition, Section 16, and domain names as that term is used in the Lanham Act, 15 U.S.C. § 1125(d).

(2) “Contested matters” shall be defined as hearings before a tribunal or court that are adversarial, evidentiary, and binding in which the applicant has had senior-level responsibility, and in which the applicant evaluated, handled, and resolved substantial issues

of fact and law in a dispute that involved a trademark, either by reaching an adjudicated decision, or by achieving a settlement before final adjudication or appeal.

(3) An “adjudicated decision” shall mean a decision resulting from a proceeding in which: a tribunal rendered a decision on a motion for temporary or preliminary injunction following an evidentiary hearing involving live testimony; a tribunal rendered a decision on a motion for summary judgment; a tribunal rendered a decision on significant issues of trademark law following briefing in the USPTO; or a tribunal or jury rendered a decision following a trial. A single proceeding may generate multiple adjudicated decisions and an applicant shall receive credit for each such qualifying adjudicated decision as a separate contested matter; however, for purposes of certification, the number of adjudicated decisions from any single case shall be limited to 2.

(4) “Substantive refusal” shall be defined as refusals of trademark applications during ex parte USPTO prosecution under Section 2 of the Lanham Act, 15 U.S.C. § 1052.

(d) Copyright Law. “Copyright law” covers the practice of law dealing with the protection of the works of the human intellect (literature, music, art, computer programs, etc.) under the copyright laws of the United States, including: subject matter; ownership; duration; registration; formalities; exclusive rights; transfers and licensing, including the rights and obligations of parties, appropriate terms and conditions in licensing contracts, antitrust and misuse constraints, international licensing considerations; contested matters relating to claims of infringement of copyrights and to disputes regarding the authorship, ownership, licensing, and transfer of copyrighted works, including infringement actions and defenses, remedies, jurisdiction and venue, jury considerations, federal preemption of state law; the Copyright Acts of 1909 and 1976, as amended; recent amendments to copyright law such as the Digital Millennium Copyright Act; and international aspects of copyright, including the Berne convention and other treaties on copyright and related subjects. The primary federal copyright law is contained in Title 17 of the United States Code. Generally, the practices that the copyright law is concerned with involve, but are not limited to, registration, licensing, transfer, and protection of copyrighted works.

(1) “Contested matters” shall be defined as hearings before a tribunal or court that were adversarial, evidentiary, and binding in which the applicant had a senior-level responsibility, and in which the applicant evaluated, handled, and resolved substantial issues of fact and law in a dispute that involved a copyright, either by reaching an adjudicated decision, or by achieving a settlement before final adjudication or appeal.

(2) An “adjudicated decision” shall mean a decision resulting from a proceeding in which: a tribunal rendered a decision on a motion for temporary or preliminary injunction following an evidentiary hearing involving live testimony; a tribunal rendered a decision on a motion for summary judgment; or a tribunal or jury rendered a decision following a trial. A single proceeding may generate multiple adjudicated decisions and an applicant shall receive credit for each such qualifying adjudicated decision as a separate contested matter, however, for purposes of certification, the number of adjudicated decisions from any single case shall be limited to 2.

(e) **Practice of Law.** The “practice of law” shall be defined as set forth in rule 6-3.5(c)(1) and rule 6-26.3(a).

(f) **Intellectual Property Law Certification Committee.** The intellectual property law certification committee shall consist of 9 members, including a minimum of 3 registered patent attorneys with experience in patent application prosecution, 2 members with experience in patent infringement litigation, 2 members with experience in trademark law, and 2 members with experience in copyright law.

Added July 6, 2006, effective August 1, 2006, (SC06 1269), (933 So.2d 1123).

6-26.3 MINIMUM STANDARDS

(a) **Minimum Period of Practice.** The applicant shall have been engaged in the practice of law for at least 5 years immediately preceding the date of application. Notwithstanding the definition of “practice of law” in rule 6-3.5(c)(1), practicing “patent application prosecution,” as defined in section 6-26.2(a), before the USPTO as a registered patent attorney or registered patent agent shall be deemed to constitute the practice of law for purposes of the 5-year practice requirement.

(b) **Substantial Involvement.** Substantial involvement means at least 30 percent of the applicant’s practice during the 3 years immediately preceding application has been devoted to matters involving intellectual property law.

(c) **Experience.** During the 5 years immediately preceding application, the applicant must comply with the experience requirements in at least 1 of the following categories:

(1) *Patent Application Prosecution.* The applicant must have handled with senior-level responsibility a minimum of 40 patent matters that involved representation of a client. The quality of the applicant’s work and the nature of the issues involved shall be a factor in determining eligibility for certification. Demonstration of compliance with this requirement shall be made initially through a form of questionnaire approved by the intellectual property law certification committee, but written or oral supplementation (including copies of work product) may be required. For good cause shown, for satisfaction in part of the 40 patent matters that involved representation of a client, verified substantial involvement in patent matters at a government agency may be considered. Verified substantial involvement in other areas of intellectual property law may also be considered to demonstrate overall proficiency.

(2) *Patent Infringement Litigation.* The applicant must have handled with senior-level responsibility a minimum of 5 contested matters in litigation or on appeal in which there was an adjudicated decision. Additionally, applicants shall have devoted a minimum of 800 hours per year to litigation matters generally, at least 300 hours per year of which shall have been devoted to patent infringement litigation; and applicant shall have, within the last 10 years, tried a patent infringement litigation matter to the close of testimony, verdict, or judgment. The applicant shall submit work product samples and a transcript (if available) in each such contested matter. For good cause shown, for satisfaction in part of the minimum

requirements, verified substantial involvement in patent infringement litigation at a government agency may be considered. Verified substantial involvement in other areas of intellectual property law may also be considered to demonstrate overall proficiency.

(3) *Trademark Law*. The applicant must have handled with senior-level responsibility either a minimum of 6 contested matters or 25 responses to substantive refusals, or a combination of the 2. Substantive refusals on which the applicant relies shall not have involved merely technical corrections, insignificant matters, or abandonment. The applicant shall submit work product samples and a transcript (if available) in each such contested matter. In addition, applicant must have engaged in at least 300 hours each year in the practice of law in which the applicant has had substantial senior-level participation in legal matters involving trademark law. Three contested matters involving in the aggregate no less than 50 hours of in-session hearing or trial shall satisfy the requirement of 6 contested matters. For good cause shown, for satisfaction in whole or in part of the requirement of 6 contested matters or 25 responses to substantive refusals, verified substantial involvement in a combination of contested matters and responses to substantive refusals shall be considered. For good cause shown, for satisfaction in part of the minimum requirements, verified substantial involvement in trademark matters at a government agency may be considered in lieu of representation of clients. Verified substantial involvement in other areas of intellectual property law may also be considered to demonstrate overall proficiency.

(4) *Copyright Law*. The applicant must have handled with senior-level responsibility a minimum of 40 substantive matters that involved representation of a client, with a minimum of 300 hours per year devoted to such matters. The ministerial preparation of a copyright registration is not considered a substantive matter for purposes of certification. The applicant shall submit work product samples and, if the applicant also relies upon participation in contested matters, the applicant shall submit transcripts (if available) in each such contested matter. For good cause shown, for satisfaction in part of the minimum requirements, verified substantial involvement in copyright matters at a government agency may be considered in lieu of representation of clients. Verified substantial involvement in other areas of intellectual property law may also be considered to demonstrate overall proficiency.

(d) Peer Review. The applicant shall select and submit the names and addresses of at least 6 lawyers or judges, who neither are relatives nor current associates, partners, or who otherwise practice law in an of-counsel relationship with the applicant, to serve as references. Such references will be contacted and requested to attest to the applicant's special competence and substantial involvement in intellectual property law, as well as to the applicant's character, ethics, and reputation for professionalism. Individuals submitted as references shall be substantially involved in intellectual property law and shall be familiar with the applicant's practice. In addition, other attorneys, judges, employees at government agencies, or other persons likely to be familiar with the applicant may be contacted as deemed necessary by the intellectual property law certification committee and the board of legal specialization and education.

(e) Education. The applicant must demonstrate that during the 3-year period immediately preceding the filing of an application, the applicant has met the continuing legal education

requirements necessary for intellectual property law certification. The required number of hours shall be established by the board of legal specialization and education and shall in no event be less than 45 hours. Accreditation of educational hours shall be subject to policies established by the intellectual property law certification committee or the board of legal specialization and education and may be satisfied by participation in 1 or more of the following activities:

(1) attendance at continuing legal education seminars for which intellectual property law certification credit has been approved;

(2) teaching a course in intellectual property law;

(3) participation as a panelist or speaker in a symposium or similar program on intellectual property law;

(4) authorship of a book, chapter, or article on intellectual property law, published in a professional publication or journal;

(5) completing such home study programs as may be approved by the board of legal specialization and education or the intellectual property law certification committee, subject to the limitation that no more than 50 percent of the required number of hours of education may be satisfied through home study programs; and

(6) such other methods as may be approved by the board of legal specialization and education and the intellectual property law certification committee.

(f) Examination. The applicant must pass an examination applied uniformly to all applicants to demonstrate sufficient knowledge, proficiency, and experience in intellectual property law sufficient to justify certification of special competence to the legal profession and the public. The examination will be comprehensive in scope and each applicant will be required to demonstrate at least some knowledge in each specific subject tested. Applicants, however, will be given the opportunity to emphasize special knowledge in 1 or more specific subject areas.

(g) Exemption. An applicant may qualify for an exemption from the examination, or a portion thereof, as follows:

(1) an applicant currently a registered patent attorney in good standing with the USPTO shall not be required to take the section(s) of the examination on topics defined in rule 6-26.2(a), but must demonstrate knowledge of substantive law pertaining to intellectual property;

(2) an applicant currently certified by The Florida Bar in civil trial or business litigation shall not be required to take the section of the examination on the litigation process, but must demonstrate knowledge of substantive law pertaining to intellectual property;

(3) an applicant who has been substantially involved in intellectual property law for a minimum of 20 years, in accordance with the standards set forth in rule 6-3.5(d), and who can demonstrate compliance with the experience requirements under rule 6 26.3(c),

subdivisions (1), (2), (3), or (4) within a 10-year time frame, shall be exempt from the examination if all other requirements for certification are met. This exemption shall be applicable only to those applicants who apply by October 31, 2009.

Added July 6, 2006, effective August 1, 2006, (SC06 1269), (933 So.2d 1123).

6-26.4 RECERTIFICATION

To be eligible for recertification, an applicant must meet the following requirements:

(a) Substantial Involvement. The applicant must show continuous and substantial involvement in matters involving intellectual property law throughout the period since the last date of certification or recertification. The demonstration of substantial involvement shall be made by showing that intellectual property law comprises at least 30 percent of the applicant's practice.

(b) Experience. During the 5 years immediately preceding application, the applicant must comply with the experience requirements in at least 1 of the following categories:

(1) *Patent Application Prosecution.* The applicant must have handled with senior-level responsibility a minimum of 30 patent matters that involved representation of a client. For good cause shown, for satisfaction in part of the 30 patent matters, the applicant may provide verified substantial involvement in patent matters at a government agency in lieu of representation of clients. Verified substantial involvement in other areas of intellectual property law may also be considered to demonstrate overall proficiency.

(2) *Patent Infringement Litigation.* The applicant must have handled with senior-level responsibility a minimum of 5 contested matters in litigation or on appeal in which there was an adjudicated decision. The applicant may substitute completion of an approved, multi-day, intensive advocacy-training course where the applicant performed and was satisfactorily critiqued by recognized experts for 2 of the 5 contested matters. For good cause shown, for satisfaction in part of the 5 contested matters, the applicant may serve as a judge or an arbitrator in a contested matter involving an adjudicated decision concerning a patent, or may serve as an advocacy instructor in an intellectual property law continuing legal education program in lieu of senior-level responsibility as an advocate for a party. Verified substantial involvement in other areas of intellectual property law may also be considered to demonstrate overall proficiency.

(3) *Trademark Law.* The applicant must have handled either a minimum of 4 contested matters or 15 responses to substantive refusals of the application. In addition, an applicant must have engaged in at least 300 hours each year in the practice of law in which the applicant had substantial and direct senior-level participation in legal matters involving trademark law. Two contested matters involving in the aggregate no less than 2 days of in-session hearing or trial shall satisfy the requirement of 4 contested matters. For good cause shown, for satisfaction in whole or in part of the requirements, verified substantial involvement in a combination of contested matters and responses to substantive refusals resulting in allowance in satisfaction of the minimum number of matters shall be considered.

The applicant may serve as a judge or an arbitrator in a contested matter involving an adjudicated decision concerning a trademark, or may serve as an advocacy instructor in an intellectual property continuing legal education program, in lieu of senior-level responsibility as an advocate for a party. Verified substantial involvement in other areas of intellectual property law may also be considered to demonstrate overall proficiency.

(4) *Copyright Law.* The applicant must have handled with senior-level responsibility a minimum of 30 matters that involved representation of a client. For good cause shown, for satisfaction in whole or in part of the requirement, the applicant may serve as a judge or an arbitrator in a contested matter involving an adjudicated decision concerning a copyright, or may serve as an advocacy instructor in an intellectual property law continuing legal education program in lieu of senior-level responsibility as an advocate for a party. Verified substantial involvement in other areas of intellectual property law may also be considered to demonstrate overall proficiency.

(c) Peer Review. The applicant must submit the names and addresses of at least 3 lawyers or judges, who neither are relatives nor current associates, partners, or who otherwise practice law in an of-counsel relationship with the applicant, to serve as references. Such references will be contacted and requested to attest to the applicant's special competence and substantial involvement in intellectual property law, as well as to the applicant's character, ethics, and reputation for professionalism in the practice of law. Individuals submitted as references shall be substantially involved in intellectual property law and shall be familiar with the applicant's practice. In addition, other attorneys, judges, employees at government agencies, or other persons likely to be familiar with the applicant may be contacted as deemed necessary by the intellectual property law certification committee and the board of legal specialization and education.

(d) Education. The applicant must have completed at least 50 hours of approved continuing legal education in intellectual property law, in accordance with the standards set forth in rule 6-26.3(e) since the filing of the last application for certification.

Added July 6, 2006, effective August 1, 2006, (SC06 1269), (933 So.2d 1123); Amended October 3, 2008 by The Florida Bar Board of Governors, effective October 3, 2008.

The purpose of the standards is to identify those lawyers who practice in the area of education law and have the special knowledge, skills, and proficiency, as well as the character, ethics, and reputation for professionalism to be properly identified to the public as board certified in education law.

New subchapter added June 11, 2009, (SC08-1981), (11 So.3d 343). Amended and effective October 16, 2015 by Board of Governors.

RULE 6-27.2 DEFINITIONS

(a) Education Law. “Education law” means the practice of law involving the legal rights, responsibilities, procedures, and practices of “educational institutions,” students, personnel employed by or on behalf of educational institutions, and the guardians and parents of students participating in education. The term “education law” shall also mean the practice of law on behalf of public or private clients in matters including, but not limited to: state, federal, and local laws, regulations, and proceedings involving student rights and student discipline; administrative law and rules regulating the operations of schools and education in Florida; charter schools; finance issues involving educational institutions, including bond indebtedness, certificates of participation, impact fees, and educational benefit districts; litigation involving educational institutions, including matters of sovereign immunity, civil rights in educational environments, including the civil rights of students and personnel in education; labor issues involving educational institutions, including standards of professional performance and practices involving personnel employed by or on behalf of educational institutions; private school contract matters and litigation involving private school entities; disability law, including § 504, Individuals With Disabilities Education Act, and the Americans With Disabilities Act; laws of general governance, including the Sunshine Law, Public Records Act, Code of Ethics for Public Officers and Officials, purchasing and bid issues; and construction, land use and development law as these areas relate to educational facilities. The purpose of education law certification is to identify lawyers who, although they may not practice substantially in each of these areas, nonetheless concentrate their practice of law in a wide variety of these categories of law in the educational environment, either on behalf of persons dealing with or receiving educational services, or as practitioners on behalf of educational institutions. “Education law” also includes presiding as an administrative law judge, arbitrator, hearing officer, judge or member of another tribunal or panel over a dispute involving education law issues.

(b) Educational Institution. “Educational institution” means any entity, private, public, for-profit or not-for-profit, that has appropriate licensure (or otherwise is legally authorized) as a provider of educational services and instruction, and is primarily devoted to the provision of education and instruction to persons of any age. Without limitation, examples of educational institutions shall be public school boards and school districts, public and private universities, community colleges, private schools, charter schools, and technical or trade schools.

(c) Lead Attorney. “Lead attorney” means one serving as the primary attorney, whether as a team leader or alone, working on behalf of either a private party or an educational institution. Service as a supervisor and signatory of legal documents, but without substantial participation in the preparation of those documents, does not constitute service as lead attorney. Service in the role of lead attorney also includes presiding as a judge, administrative law judge, arbitrator, hearing officer, or member of an administrative tribunal or panel hearing or presiding over a dispute involving a matter of education law.

(d) Practice of Law. “Practice of law” is defined as set forth in rule 6 3.5(c)(1).

(d) Verification of Practical Experience Requirements. The education law certification committee will develop an application form to elicit specific information sufficient to verify the practical experience reported by the applicant. The application will require the applicant to identify case numbers for court and administrative litigation, parties in litigation (using initials with respect to student-identifying matters), the nature of the work performed, the dates on which the work was performed (or a period of time during which it was performed), the identity of any court or tribunal before which the work was performed, the results of the work, and the identity of any opposing lawyer, and any other information the education law certification committee determines is reasonably required for the applicant to submit so that the practice requirements may be verified, subject to the requirement of confidentiality.

In lieu of a judicial reference, the applicant may provide the name and address of the head of an educational institution (or a member of a collegiate body that serves as the head of the educational institution) if the applicant has advised or appeared before that person within the 5-year period preceding the date of application. The lawyer references must be members of The Florida Bar, and may not be persons who practice currently in the applicant's law firm nor employed in the same law department at the same educational institution as the applicant at the time the application is filed. Individuals serving as references must be sufficiently familiar with the applicant to attest to the applicant's special competence and substantial involvement in the field of education law, as well as the applicant's character, ethics, and reputation for professionalism. (g) Education. The applicant must demonstrate completion of 50 credit hours of approved continuing legal education in education law during the 3-year period immediately preceding the date of application. Credit for attendance or speaking appearances at continuing legal education

If the applicant has not attained 90 credit hours of approved continuing legal education for education law certification, but has attained more than 60 hours during such period, successful passage of the examination given to new applicants will satisfy the education requirements. However, an applicant seeking recertification may also reduce the educational requirements in this subdivision to 60 hours by demonstrating involvement as lead attorney on behalf of a private client or an educational institution in matters of education law since certification or the last recertification, totaling at least 25 points as described in rule 6-27.3(c) above.

In all cases, the applicant must specifically identify any co-counsel and demonstrate that the applicant's level of participation was substantial and direct. In support of the application requesting credit for an adoption appeal, the applicant will submit each brief and appropriately redact all identifying information regarding birth and adoptive families. In each of these 10 contested adoption appeals, the applicant must have been responsible for all or at least 50% of the legal decisions in each case. A brief, including an amicus brief, written for different appellate levels (i.e. district court, Supreme Court of Florida and federal courts) may be submitted as a separate appellate case handled by the applicant, but cases arising from a single proceeding may not be counted more than twice. Briefs written for different appellate levels must be substantially different in order to be counted twice.

(3) *Application Requirements.* The applicant meets the substantial involvement requirements by submitting proof of 30 adoption placements or 10 contested adoption proceedings/appeals as required in the adoption law certification standards; or the applicant may submit an application detailing his or her substantial involvement in a combination of adoption placements and contested adoption proceedings/appeals to be considered by the committee as follows:

(A) Each adoption placement, contested adoption proceeding or appeal will be assigned points as set forth below. The applicant must submit a minimum of 60 points for review. Points will be awarded as follows:

(i) Each adoption placement as defined in this subchapter will be assigned 2 points.

(ii) Each contested adoption proceeding as defined in this subchapter will be assigned 6 points.

(iii) Each adoption appeal as defined in this subchapter will be assigned 6 points.

(B) The point system in this subchapter rule will be used solely to determine whether an applicant has met the minimum combination number of cases.

(C) Cases that involve the same child or sibling group will not be considered for more than 1 adoption placement, contested proceeding or appeal (adoption matter). For good cause shown, the applicant may count cases as 2 adoption matters if the applicant meets the separate substantial involvement requirements for each event. No case involving the same child or sibling group will be counted as more than 2 adoption matters.

(4) *Time.* All qualified adoption placements and contested adoption proceedings must conclude within the required 5-year period, except that an adoption appeal may qualify for consideration after submission of a written brief to the appellate court.

(5) *Guardian Ad Litem.* Service as a guardian ad litem, standing alone, will not constitute substantial involvement.

(6) *Waiver.* The adoption law certification committee may waive the minimum number of cases for an applicant who has been continuously board certified in adoption law under these standards for a period of 14 years or more.

(c) *Education.* The applicant must demonstrate completion of 50 credit hours of approved continuing legal education in the field of adoption law. The continuing legal education must enhance the proficiency of lawyers who are board certified adoption lawyers.

(d) Peer Review.

(1) The applicant must submit the names and addresses of 3 lawyers, who neither are relatives nor current associates or partners, as references to attest to the applicant's substantial involvement and competence in adoption law, as well as the applicant's character, ethics, and reputation for professionalism. These lawyers must be involved in adoption law and familiar with the applicant's practice.

(2) The applicant must submit the names and addresses of at least 2 judges before whom the applicant has appeared on adoption matters within the 2-year period immediately

preceding the date of application to attest to the applicant's substantial involvement and competence in adoption law, as well as the applicant's character, ethics, and reputation for professionalism.

(3) The adoption law certification committee may, at its option, send reference forms to other lawyers and judges.

RULE 6-29.1 GENERALLY

A lawyer who is an active member in good standing of The Florida Bar and who meets the standards prescribed below may be issued a certificate identifying the lawyer as "Board Certified in Juvenile Law." The purpose of the standards is to identify those lawyers who practice juvenile law and have the special knowledge, skills, and proficiency, as well as the character, ethics, and reputation for professionalism, to be properly identified to the public as board certified in juvenile law.

It does not include adoption matters or matters arising in the context of family law proceedings not consolidated with dependency or termination of parental rights matters.

(b) Trial. A "trial" is defined as substantially preparing a case for court, offering testimony or evidence, or cross-examination of witness(es), in an adversarial proceeding before a trier of fact, and submission of a case to the trier of fact for determination of the matter.

(c) Appellate proceeding. An "appellate proceeding" is defined as an action in a state or federal court seeking review of a decision of a lower tribunal.

If at least 10 of the trials or appeals required by this provision occurred during the 5 years immediately preceding application, the requirements of rule 6-29.3(b)(1) are met.

preceding application to attest to the applicant's competence in juvenile law, as well as the applicant's character, ethics, and reputation for professionalism.

Accreditation of educational hours is subject to policies established by the juvenile law certification committee or the board of legal specialization and education.

(e) Examination. The applicant must pass an examination administered uniformly to all applicants to demonstrate sufficient knowledge, proficiency, experience, and professionalism in juvenile law to justify the representation of special competence to the legal profession and the public.

(f) Exemption. An applicant who meets the standards set forth in subdivisions (a) - (d) of this rule and those of rule 6-3.5(d) are exempt from the examination. Compliance with this provision constitutes a prima facie showing of compliance with the requirements of rule 6-29.4(a).

(c) Education. The applicant must demonstrate completion of at least 50 credit hours of approved continuing legal education in juvenile law certification. Accreditation of educational

hours is subject to policies established by the juvenile law certification committee or the board of legal specialization and education.

**6-31 STANDARDS FOR BOARD CERTIFICATION IN INTERNATIONAL
LITIGATION AND ARBITRATION
RULE 6-31.1 GENERALLY**

A lawyer who is a member in good standing of The Florida Bar, eligible to practice law in Florida, and meets the standards prescribed below may be issued a certificate identifying the lawyer as “Board Certified in International Litigation and Arbitration.” The purpose of the standards is to identify those lawyers who have the special knowledge, skills, and proficiency, as well as the character, ethics, and reputation for professionalism, to be properly identified to the public as board certified in international litigation and arbitration.

New subchapter added November 9, 2017, effective February 1, 2018 (SC16-1961).

RULE 6-31.2 DEFINITIONS

(a) International Litigation and Arbitration. “International litigation and arbitration” is the practice of law dealing with disputes in court or arbitration arising from the relations between or among states and international organizations as well as the relations between or among nationals of different states, or between a state and a national of another state. The term “international litigation and arbitration” includes foreign and comparative law.

(b) Practice of Law. The “practice of law” for this area is defined as set out in rule 6-3.5(c)(1). Practice of law that otherwise satisfies these requirements but that is on a part-time basis will satisfy the requirement if the balance of the applicant’s qualifying activity is spent as a teacher of international litigation and arbitration subjects in an accredited law school.

(c) International Litigation and Arbitration Certification Committee. The international litigation and arbitration certification committee will consist of 9 members. The international litigation and arbitration committee members will initially be appointed according to the criteria set forth in rule 6-3.2(a).

New subchapter added November 9, 2017, effective February 1, 2018 (SC16-1961).

RULE 6-31.3 MINIMUM STANDARDS

The applicant must demonstrate the following on a form approved by the committee, which may require additional written or oral supplementation.

(a) Minimum Period of Practice. The applicant must have engaged in the practice of law, either in the United States or abroad, and must have been a member in good standing and eligible to practice law in their jurisdiction not less than 5 years as of the date of application. The years of

law practice need not be consecutive. Receipt of an LL.M degree in international law, as defined in rule 6-21.2(a), or in another field, may be approved by the international litigation and arbitration certification committee to constitute 1 year of the practice of law requirement, but not the 5-year bar membership requirement, specified in this subdivision.

(b) Substantial Involvement. The applicant must demonstrate substantial involvement in the practice of international litigation and/or arbitration during each of the 3 years immediately preceding the date of application. The applicant must have substantial involvement in contested international litigation and arbitration cases sufficient to demonstrate special competence as an international litigation and arbitration lawyer. Substantial involvement includes active participation in client interviewing, counseling and investigating, preparation of pleadings and arbitration submissions, participation in discovery, taking of testimony, presentation of evidence, negotiation of settlement, drafting and preparation of settlement agreements, and argument and trial of international cases in court or before an arbitral panel, or service as an arbitrator. For purposes of this section, time devoted to lecturing on or writing about international litigation and arbitration may be included.

(c) Minimum Number of Matters. The applicant must have had substantial involvement in a minimum of 16 contested international litigation and arbitration matters during the 8-year period immediately preceding application. These matters must have proceeded at least to the filing of a complaint or similar pleading, statement of claim, or demand for arbitration, and involve substantial legal or factual issues. At least 5 of the 16 matters must have been submitted to the trier of fact for resolution of 1 or more contested factual issues through the presentation of live testimony or other evidence at a hearing. The trier of fact includes any judge or jury of a court of general jurisdiction, an arbitration panel, administrative agency, bankruptcy court, or other similar body. "Submission to the trier of fact" requires completion of the case in chief of the plaintiff, petitioner, or claimant or, the actual submission of a motion for summary judgment or the response to that motion. The international litigation and arbitration certification committee may consider involvement in protracted adversary proceedings to satisfy any of these requirements. A "protracted adversary proceeding" is an international litigation and arbitration matter that is so time consuming it precludes the applicant from meeting the requirements of this subdivision.

In order to demonstrate compliance with the requirements of this section, the following criteria will be applicable:

- (1) summary judgments may not count for more than 3 of the 5 contested matters submitted to the trier of fact;
- (2) submission to the trier of fact, other than as to summary judgment, requires completion of the case in chief of the plaintiff, petitioner, or claimant, or the equivalent in arbitration;
- (3) each preliminary injunction or other evidentiary hearing will count as 1 of the 5 matters submitted to the trier of fact; and

(4) each matter in which the applicant supervises an associate will qualify the matter as 1 of the 16, but not as 1 of the 5 matters submitted to the trier of fact.

(d) Education. The applicant must demonstrate that during the 5-year period immediately preceding the date of application, the applicant has completed at least 50 hours of continuing legal education in the field of international litigation and arbitration according to the policies established by the committee or the board of legal specialization and education. This requirement can be met through the following activities to the extent that they are focused on international litigation and arbitration:

(1) attendance at continuing legal education seminars;

(2) satisfactory completion of graduate-level law school courses while enrolled in an LL.M program in international law or comparative law;

(3) satisfactory completion of graduate-level law school courses involving international law aspects while enrolled in a graduate law program;

(4) lecturing at continuing legal education seminars;

(5) authoring articles on books or teaching courses at an accredited law school.

(e) Peer Review. The applicant must submit the names and addresses of 5 lawyers or judges who are neither relatives nor current associates or partners of the applicant to attest to the applicant's substantial involvement, practical experience, and special competence in international litigation and/or arbitration, as well as the applicant's character, ethics, and reputation for professionalism. The international litigation and arbitration certification committee may send reference forms to other lawyers and judges.

(f) Examination. The applicant must pass an examination administered uniformly to all applicants to demonstrate sufficient knowledge, skills, and proficiency in international litigation and arbitration to justify the representation of special competence to the legal profession and the public.

(g) Exemption. An applicant who has been substantially involved in international litigation and arbitration for a minimum of 20 years and who otherwise fulfills the standards set forth in rule 6-3.5(d) and this subchapter is exempt from the examination. This exemption is applicable only to those applicants who apply within the first 2 application filing periods from the effective date of these standards.

New subchapter added November 9, 2017, effective February 1, 2018 (SC16-1961).

RULE 6-31.4 INTERNATIONAL LITIGATION AND ARBITRATION RECERTIFICATION

During the 5-year period immediately preceding the date of application for recertification, the applicant must satisfy the following requirements for recertification:

(a) Substantial Involvement. The applicant must demonstrate continuous and substantial involvement in the practice of international litigation and arbitration since the last date of certification or recertification. The demonstration of substantial involvement must be made in accordance with the standards set forth in this subchapter.

(b) Matters. The applicant must have had substantial involvement in a minimum of 10 contested international litigation and arbitration matters during the 5-year period immediately preceding reapplication. These matters must have proceeded at least to the filing of a complaint or similar pleading, statement of claim, or demand for arbitration, and involve substantial legal or factual issues. At least 3 of the 10 matters must have been submitted to the trier of fact for resolution of 1 or more contested factual issues through the presentation of live testimony or other evidence at a hearing. The trier of fact includes any judge or jury of a court of general jurisdiction, an arbitration panel, administrative agency, bankruptcy court, or other similar body. “Submission to the trier of fact” requires completion of the case in chief of the plaintiff, petitioner, or claimant, or the actual submission of a motion for summary judgement or response to that motion. The international litigation and arbitration certification committee may consider involvement in protracted adversary proceedings to satisfy any of these requirements for good cause shown. A “protracted adversary proceeding” is an international litigation and arbitration matter that is so time consuming it precludes the applicant from meeting the requirements of this subdivision.

The applicant must demonstrate compliance on a form approved by the committee using the following criteria:

(1) summary judgments may not count as more than 1 of the 3 matters submitted to the trier of fact;

(2) submission to the trier of fact, other than as to summary judgment, requires completion of the case in chief of the plaintiff, petitioner, or claimant, or the equivalent in arbitration;

(3) each preliminary injunction or other evidentiary hearing will count as 1 of the 3 matters submitted to the trier of fact; and

(4) each matter in which the applicant supervises an associate will qualify as 1 of the 10, but not as 1 of the 3, matters submitted to the trier of fact.

(c) Education. The applicant must show completion of at least 50 hours of approved continuing legal education in international litigation and arbitration since the filing of the last application for certification as provided in this subchapter.

(d) Peer Review. The applicant must submit the names and addresses of 5 other lawyers or judges who are familiar with the applicant’s practice, excluding individuals who currently are employed by the same employer as the applicant, and who can attest to the applicant’s special competence and substantial involvement in international litigation and arbitration, as well as the applicant’s character, ethics, and reputation for professionalism. The international litigation and arbitration certification committee may send reference forms to other lawyers and judges.

New subchapter added November 9, 2017, effective February 1, 2018 (SC16-1961).
