The Florida Bar Board of Legal Specialization and Education (“BLSE”) has the responsibility to administer programs for regulation of 27 areas of certification according to Chapter 6 of the Rules Regulating The Florida Bar. The BLSE also oversees the legal education offered to all members of the Florida Bar.

Established by the Florida Supreme Court, board certification is the highest recognition for ethics, character, professionalism, and credibility in the practice of law as recognized by The Florida Bar. Justice Harry Anstead said, Certification should be a capstone for a lawyer’s professional goals. The Florida Bar is the largest certification program in the nation with more than 5,000 board-certified attorneys.

The BLSE is comprised of 16 members and include: Chair Philip R. Augustine; Vice Chair David C Willis, John F. Eversole, Joseph F. “Skooter” Kinman, Jr., Michele L. Lieberman, Robert A. Norgard, Norma Stanley, Kansas R. Gooden, Colin M. Roopnarine, Elisha D. Roy, Joseph J. Weissman, The Honorable William Henry Burgess III, Amy J. Fanzlaw, Patricia Dawson Deborah Anne Schroth and Sean Moyles. The Board of Governors liaison to the BLSE is Charles Richard Nail.

Each member of the BLSE is assigned as a liaison to designated areas of certification, monitors issues and events for the individual certification areas, as needed.

The BLSE has engaged in an outreach program to emphasize the value of becoming board-certified to accomplish the following: i) recruit new candidates to become board certified; ii) educate the public as to why it is important to retain a board-certified attorney; iii) to encourage existing certified members to retain their board-certified status. Our goal is to publicize the value of board certification and elevate this distinction to a new level.

Board Certification matters! A recent study found that of 1400 visitors to the Florida Bar Website to locate an attorney revealed that 64% consider board certification to be the most important factor when retaining an attorney. This statistic supports our message to local bar associations, law schools and area committee functions that specialization provides an opportunity to become a better attorney and distinguish your credentials from others. To emphasize this point, the BLSE has encouraged board certified attorneys to post this video on their law firm website to educate potential clients about the advantages of hiring a board-certified attorney. The video is posted on the Facebook directly from the Florida Bar Board Certification page and available for download and dissemination by our members to clients and to consumers of legal services. The video can also be found on our YouTube channel by accessing this link The Board-Certification Advantage.

As part of the BLSE’s oversight of board certification testing, Alpine Testing Solutions has been retained to review all area committee testing protocol. Alpine performs a psychometric evaluation of the certification program. It was last done in 2015 and recommended to be done every 5-7 years to evaluate the development and validation processes that included the people involved, processes, procedures, results, and decision rules regarding certification exams. The goal is to ensure a credible and fair exam for attorneys testing for board certification.

In its continuing effort to assure that members applying for board certification are treated fairly and uniformly across the various certification areas, the BLSE is again sponsoring a Roundtable Session at the June 2022 Annual Meeting. The Roundtable will be held in person in Orlando. The Roundtable Presentation will focus on topics facing all area committees including test drafting and formatting, as well as promoting board certification.

The BLSE has also been asked to participate in an ABA Roundtable May 13, 2022 in Chicago to address peer review. Vice Chair David Willis along with board certified members from Texas and California will be taking part in this roundtable discussion that will be moderated by former BLSE Chair, Steven Lesser.

At the Florida Bar Annual Meeting in Orlando on Thursday June 23, 2022, Chief Justice Charles T. Canady will present the Justice Harry Lee Anstead award in recognition of The Florida Bar Board Certified Lawyer of the Year. This award goes to the member who is Board Certified and who demonstrates outstanding excellence, professionalism, and commitment to the Certification Program, and to the practice of law in Florida. BLSE will also conduct its annual “pinning ceremony” to recognize all newly board-certified attorneys.

This report was prepared by BLSE Chair, Philip R. Augustine. 
All Board Certified members are cordially invited to attend the

BOARD CERTIFIED LAWYERS’ RECEPTION
AND PINNING CEREMONY

Elisha Roy wins The Family Law Section’s Chair’s Visionary Award for 2022

By Kimberly Lisenby

Congratulations go to Elisha Roy for receiving The Family Law Section Chair’s Visionary Award for 2022! This award is given at the Annual Marital and Family Law Review Course every year by the Section Chair as an acknowledgment of service to the Section in the advancement of family law. The award goes to the individual who has made major contributions to the advancement of family law within the State of Florida.

Ms. Roy was completely surprised by receiving this award and said, “As Heather read her reasons for choosing me for this honor, I must be honest, I did not realize it was me at first. I’ve been active and involved because I enjoy it, and I oftentimes forget how fortunate I’ve been to be involved in so many different aspects of the practice, that to hear it all at one time was a bit overwhelming. To be awarded for something I do because I love it is humbling. I am so thankful and overwhelmed for this honor and appreciate this opportunity to share it with you all.”

Ms. Roy has a real passion for helping the families that she works with everyday and has been an active and involved member of the Section since 2004. She has served as its Legislative Chair for many years and has also served on the Section’s Executive Council and as Chair from 2013-2014.

Ms. Roy graduated from Nova Southeastern University – Shepard Broad College of Law in 2001. Since then, Ms. Roy has practiced exclusively in the area of marital & family law. Ms. Roy is a partner at the prestigious marital & family law firm Sasser Cestero & Roy, P.A. located in West Palm Beach.

Ms. Roy became Board Certified in Marital and Family Law in 2007. For six years, she served on the Marital & Family Law Certification Committee and in her 5th and 6th year acted as Vice-Chair and Chair of this committee. She was appointed to serve as a member of the Board of Legal Specialization & Education in 2017 and will serve as Chair for 2022-2023 BLSE year.
The Importance of Board Certification

By Judge William Burgess III

The primary reason for specialty boards is to identify the metes and bounds, and the content, of areas of the law that define specific specialties. It is the way we have chosen to distinguish between the ordinary generalist and the highly trained specialist. The Florida Bar’s board certification program has succeeded admirably in making this distinction, greatly benefitting the legal community and the public.

Board certification is a mark of the highest distinction. It indicates that the certified lawyer has a valid license to practice law, has practiced law for at least five years in his or her chosen specialty, has undergone additional education and training that specialty, has documented a certain number of trials or other specialized litigation, has cleared background checks that included comprehensive peer review, and has passed a rigorous, day-long examination to attain certification. Certification shows that the lawyer is seriously dedicated to his or her practice area and has made a substantial commitment to continuing education and training beyond the norm for ordinary lawyers and a desire to provide the highest level of service in that specialty. In short, certification shows that the certified lawyer is better qualified in that specialty than a non-certified lawyer.

Certified lawyers can also be very effective mentors for new lawyers and subordinate lawyers who are not board certified. Having taken a longer view of the arc of their own careers, certified lawyers are often more insightful and reflective than most ordinary lawyers and may be in a good position to offer advice and encouragement to those who need it when and where it will matter the most.

Judges can often tell when a lawyer new to their courtroom that the lawyer is board certified. From the perspective of the bench, board-certified lawyers generally stand out from ordinary lawyers by being much better prepared, more knowledgeable about the law, and much more diligent. Certified lawyers as a class are also less prone to violate rules of evidence or procedure or run afoul of bar regulations. This translates to properly prepared pleadings, smoother and more efficient hearings, and better communication between counsel and the parties.

There is also a high degree of respect within the judicial community for those judges who have taken the extraordinary step of becoming board certified. Board-certified judges sitting in their specialty area are respected in the legal community for many of the same reasons as board-certified lawyers. Lawyers who have spoken to me about this have said that, in comparison with ordinary judges’, board-certified judges tend to be more knowledgeable about the law, more thorough, more careful in reaching decisions, and write better orders.

Although few in number, board-certified lawyers (and judges) have a disproportionate positive effect on the legal profession in Florida. A rising tide lifts all boats, and the presence of board-certified lawyers in the mix tends to raise the standards of all lawyers and judges involved in a legal proceeding. This is so because certified lawyers on and off the bench who operate at the top of their profession often model behavior that is knowledgeable, ethical, professional, and proper, and in all respects presents a good example for others to follow.

HEALTH LAW
Devotion to the community is what helped propel Amanda Barritt to a 4-Year term on the Board of Governors with Habitat for Humanity of Lee & Hendry Counties!

By: Kimberly Lisenby

Ms. Amanda Barritt received her undergraduate degree from Auburn University and her law degree from Florida State University. She is Florida Bar certified in Condominium & Planned Development Law and joined Henderson, Franklin, Starnes & Holt, P.A. in 2004, serving as Chair of their Condominium and Homeowner’s Association Practice Group and Chair of their Real Estate Division.

Ms. Barritt has a passion for real estate and focuses on representing businesses in commercial real estate transactions, and developers, residential and commercial condominium homeowners’ and property owners’ associations. She also handles most general real estate matters and writes many blogs on various topics on the Legal Scoop on Southwest Florida Real Estate Blog.

Ms. Barritt’s passion for her community helped propel her to her new 4-year term with the Habitat for Humanity of Lee and Hendry Counties. She is an advocate for expanding affordable housing for low-income families in Southwest Florida and devotes her time to contributing her skills to the Board of this invaluable non-profit organization. When asked what inspires her about Habitat’s mission, Ms. Barritt shares:

“I love that Habitat provides a means to assist people doing their best, but due to economics, they need help to realize their dream of homeownership. It’s also important to me that parents can provide a stable and comfortable home for their children.”

Ms. Barritt not only devotes her time to her busy practice and Habitat for Humanity, but she is also secretary of the Paul Laurence Dunbar Middle School Fine Arts Association, and a member of an allocations team for the United Way of Lee, Hendry, Glades and Okeechobee Counties. Ms. Barritt has also been named the 2022 Community Association Law “Lawyer of the Year” in Fort Myers and voted “Top Lawyer” by Florida Trend Magazine Legal Elite and Naples Illustrated Magazine.
Congratulations to the Newly Certified 1st Cycle Members!
