The Florida Bar maintains limited basic information about attorneys licensed to practice in this state, e.g., name, address, year of birth, gender, law schools attended, and admission year. However, through this public record list, The Florida Bar allows individual attorneys the opportunity to provide, for public information, certain expanded personal and professional data. It is the attorney's responsibility to routinely review and update those expanded listings. The information contained in those expanded listings is presented by the Bar "as is," with no warranty of any kind, express or implied. The Florida Bar, its Board of Governors, employees, and agents are not responsible for the accuracy of that additional data. Providing contact information via this public record request should not be construed as the attorney's consent to receive unsolicited communication in any form.
